Notes to the interim consolidated financial statements

As of September 30, 2020 (unaudited) and December 31, 2019 (audited)

1. Business activity and other relevant events

(a) Business activity -

Intercorp Financial Services Inc. and Subsidiaries (henceforth "IFS", "the Company" or "the Group"), is a limited liability holding company incorporated in the Republic of Panama on September 19, 2006, and is a Subsidiary of Intercorp Perú Ltd. (henceforth "Intercorp Perú"), a holding Company incorporated in 1997 in the Commonwealth of the Bahamas. As of September 30, 2020 and December 31, 2019, Intercorp Perú holds directly and indirectly 70.62 percent of the issuead and outstanding capital stock of IFS.

IFS's legal domicile is located at Av. Carlos Villarán 140 Urb. Santa Catalina, La Victoria, Lima, Peru.

As of September 30, 2020 and December 31, 2019, IFS holds 99.30 percent of the capital stock of Banco Internacional del Perú S.A.A. – Interbank (henceforth "Interbank"), 99.84 percent of the capital stock of Interseguro Compañía de Seguros S.A. (henceforth "Interseguro") and 100 percent of the capital stock of Inteligo Group Corp. (henceforth "Inteligo").

The operations of Interbank and Interseguro are concentrated in Peru, while the operations of Inteligo and its Subsidiaries (Interfondos S.A. Sociedad Administradora de Fondos, Inteligo Sociedad Agente de Bolsa S.A. and Inteligo Bank Ltd.) are mainly concentrated in Peru and Panama.

The interim consolidated financial statements as of September 30, 2020 have been authorized by Management and the Audit Committee on November 09, 2020 and approved by the Board of Directors held on November 12, 2020. The audited consolidated financial statement of IFS and Subsidiaries as of December 31, 2019, were approved by the General Shareholders' Meeting held on April 7, 2020.

(b) Global pandemic Covid-19

A new coronavirus strain (Covid-19) was first identified in Wuhan, China, in December 2019, and later declared a pandemic by the World Health Organization, has spread in almost all regions in the world, which has resulted in travel restrictions and trade slowdowns. In that sense, on March 15, 2020, the Peruvian Government, through Supreme Decree No.044-2020, declared a National lockdown ordering the closing of the national borders, compulsory social confinement, the lockdown of businesses deemed non-essential (exceptions were production, distribution and commercialization of food and pharmaceuticals, financial services and healthcare), among others. As of the date of this report, the National lockdown has been extended until November 30, 2020.

Within this context, the Ministry of Economy and Finance (henceforth "MEF"), the Central Reserve Bank of Peru (henceforth "BCRP") and the Superintendence of Banking, Insurance and Private Pension Fund Administrators (henceforth "SBS"), activated extraordinary measures aimed to alleviate the financial and economic impact of Covid-19, in particular on customers of the financial systems (due to the lockdown of certain economic sectors), as well as some additional measures focused on securing the continuity of the economy's payment chain.

The main measures implemented in the financial system are related to facilities for loan rescheduling (payment deferrals), see further detail in Note 2.3, suspension of counting of past due days, partial withdrawal of severance indemnities and launching of credit programs guaranteed by the Peruvian Government, such as "Reactiva Perú", created through Legislative Decree No. 1455-2020 to secure the continuity of the payment chain in the face of Covid-19's impact.Said program grants guarantees to companies in order for them to obtain working capital loans and thus comply with their short-term obligations with their workers and suppliers of goods and services. This program manages guarantees amounting to S/30,000 million.

As of September 30, 2020, Interbank holds loans of the "Reactiva Perú" program for approximately S/6,709 million, out of which S/5,909 million are guaranteed by the Peruvian Government; see Notes 5 and 9.

On the other hand, IFS's Management monitors closely the situation and focuses in securing the operation and enhance the liquidity and solvency positions of the Subsidiaries. Regarding liquidity, Interbank has maintained an active participation in the BCRP's daily operations and has used available credit lines from correspondent banks abroad.

Likewise, with the purpose of strengthening its capital and regulatory capital requirements to face the volatile environment, the Subsidiaries have implemented the following measures:

- In Shareholders' Meeting held on April 3, 2020, Interbank approved the reduction in the percentage of distributable dividends, charged to 2019 period, from 45 to 25 percent. In addition, the net profit generated in the first quarter of 2020 also has a capitalization agreement.
- On June 30, 2020, Interbank placed subordinated bonds for US\$300,000,000, as explained in Note 10.
- In Board's Session held on June 30, 2020, Interseguro committed to the capitalization of S/50,000,000 with charge to the period's net profit.
- On September 30, 2020, Interseguro placed subordinated bonds for US\$25,000,000, as explained in Note 10.

(c) Initial Public Offering

On July 3, 2019, the Board of IFS approved the filing with the Securities and Exchange Commission of the United States of America (henceforth "SEC"), of a Registration Statement under Form F-1 of the Securities Exchange Act of 1933 of the United States of America, in relation with a proposal of an Initial Public Offering (henceforth "Offering") of IFS's common shares.

On July 18, 2019, IFS announced the placement of the Offering for approximately 9,000,000 common shares at a price of US\$46.00 per common share. The sale was performed by (i) IFS, (ii) Interbank, (iii) Intercorp Peru; and (iv) a non-related shareholder. Additionally, IFS granted the Offering placers a 30-day call option to buy up to 1,350,000 new common shares, as an additional initial issuance.

As result of said Offering, IFS sold 2,418,754 common shares held as treasury stock (including shares sold by Interbank), as well as approximately 1,150,000 new common shares to be issued. Intercorp Peru sold 2,531,246 shares, and the non-related shareholder sold 3,000,000 shares. Additionally, the placers exercised the call option regarding 1,186,841 new common shares.

In this sense, IFS and Subsidiaries combined, sold, 4,755,595 shares at US\$46.00 per share. The sale value amounted to approximately US\$218,757,000 (before issuance expenses).

The total impact of the Offering on the Company's net equity, after discounting the issuance expenses, amounted to S/684,125,000 (approximately US\$208,384,000), mainly explained by:

- (i) Issuance of 2,336,841 shares, for an amount of S/336,950,000, out of which S/74,571,000 correspond to capital stock and S/262,379,000 to capital surplus (net of issuance expenses for S/15,957,000).
- Sale of 2,418,754 share held as treasury stock, including shares sold by Interbank, for a total amount of S/347,175,000, which were recorded in captions "Treasury stock" and "Retained earnings", see Note 12(b).

(d) Subsidiaries Activities

IFS's Subsidiaries are the following:

(a) Banco Internacional del Perú S.A.A. - Interbank and Subsidiaries -

Interbank is incorporated in Peru and is authorized by the Superintendence of Banking, Insurance and Private Pension Funds (henceforth "SBS", by its Spanish acronym) to operate as a universal bank in accordance with Peruvian legislation. The Bank's operations are governed by the General Act of the Banking and Insurance System and Organic Act of the SBS – Act No. 26702 (henceforth "the Banking and Insurance Act"), that establishes the requirements, rights, obligations, restrictions and other operating conditions that financial and insurance entities must comply with in Peru.

As of September 30, 2020 and December 31, 2019, Interbank had 233 and 255 offices, respectively, and a branch established in the Republic of Panama. Regarding said branch, on April 23, 2019, Interbank's Board approved its voluntary closing. As of the date of this report, there is no specific date for the completion of said process.

Additionally, it holds approximately 100 percent of the shares of the following Subsidiaries:

Entity	Activity
Internacional de Títulos Sociedad Titulizadora S.A Intertítulos S.T.	Manages securitization funds.
Compañía de Servicios Conexos Expressnet S.A.C.	Services related to credit card transactions or products related to the brand "American Express".
Inversiones Huancavelica S.A.	Real estate activities. This entity was absorbed by Banco Internacional del Perú S.A.A.through a process of merging by absorption, which was authorized by the SBS in September 2019.
Contacto Servicios Integrales de Créditos y Cobranzas S.A.	Collection services. This entity was absorbed by Banco Internacional del Perú S.A.A.through a process of merging by absorption, which was authorized by the SBS in September 2019.

(b) Interseguro Compañía de Seguros S.A. and Subsidiary -

Interseguro is incorporated in Peru and its operations are governed by the Banking and Insurance Act. It is authorized by the SBS to issue life and general risk insurance contracts. As of September 30, 2020 and December 31, 2019, Interseguro participates in:

Patrimonio Fideicometido D.S.093-2002-EF, Interproperties Perú -

Interseguro holds participations in Patrimonio Fideicometido D.S.093-2002-EF, Interproperties Perú (henceforth "Patrimonio Fideicometido – Interproperties Perú"), structured entity, incorporated in April 2008, in which several investors (related parties to the Group) contributed investment properties. Each investor or investors have ownership of and specific control over the contributed investment property. The fair values of the properties contributed by Interseguro, which were included in this structured entity as of September 30, 2020 and December 31, 2019, amounted to S/118,843,000 and S/114,058,000, respectively. For accounting purposes and under IFRS 10 "Consolidated Financial Statements" the assets included in said structure are considered "silos", because they are ring-fenced parts of the wider structured entity (the Patrimonio Fideicometido - Interproperties Perú). IFS has ownership and decision-making power over these properties and IFS has the exposure or rights to their returns; therefore, IFS consolidates the silos containing the investment properties that it controls.

(c) Inteligo Group Corp. and Subsidiaries -

Inteligo is an entity incorporated in the Republic of Panama. As of September 30, 2020 and December 31, 2019, it holds 100 percent of the shares of the following Subsidiaries:

- (g) Hipotecaria Sura Empresa Administradora Hipotecaria S.A. -Company dedicated to granting mortgage loans and acquired as part of the acquisition of the Sura Group in 2017. Since 2015 it has not granted loans and was extinguised as of December 31,2019.

2. Main accounting principles and practices

2.1 Basis of presentation and use of estimates –

The interim consolidated financial statements as of September 30, 2020 and December 31, 2019 and for the nine-months period ended September 30, 2020 and 2019, have been prepared in accordance with IAS 34 "Interim Financial Reporting".

The interim consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group's consolidated audited financial statements as of December 31, 2019 and 2018 (henceforth "Annual Consolidated Financial Statements").

The accompanying interim consolidated financial statements have been prepared on a historical cost basis, except for investment property, derivative financial instruments, financial investments at fair value through profit or loss and through other comprehensive income, which have been measured at fair value. The interim consolidated financial statements are presented in Soles, which is the functional currency of the Group, and all values are rounded to the nearest thousand (S/(000)), except when otherwise indicated.

The preparation of the interim consolidated financial statements, in accordance with the International Financial Reporting Standards (henceforth "IFRS") as issued by the International Accounting Standards Board (IASB), requires Management to make estimations and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of significant events in the notes to the interim consolidated financial statements.

In that sense, the estimates and criteria are continually assessed and are based on historical experience, as well as other factors, including expectations of future events that are believed to be reasonable under the current circumstances. Existing circumstances and assumptions about future developments, however, may change due to markets' behavior or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur. Actual results could differ from those estimates. The most significant estimates comprised in the accompanying interim consolidated financial statements are related to the calculation of the impairment of the portfolio of loan and financial investments, the measurement of the fair value of the financial investments and investment property, the assessment of the impairment of goodwill, the liabilities for insurance contracts and measurement of the fair value of derivative financial instruments; also, there are other estimates such as the estimated useful life of intangible assets, property, furniture and equipment, and the estimation of deferred Income Tax.

2.2 Basis of consolidation -

The interim consolidated financial statements of IFS comprise the financial statements of Intercorp Financial Services Inc. and Subsidiaries. The method adopted by IFS to consolidate information with its Subsidiaries is described in Note 3.3 to the Annual Consolidated Financial Statements.

2.3 Regulations issued by the SBS –

As indicated in Note 1(b), with the purpose of facilitating the payment of debt of the clients of the financial entities affected by the outbreak of Covid-19, the SBS issued the following Multiple Official Letters:

- 2.3.1 Regulations related to loan portfolio
 - (a) Multiple Official Letters No.10997-2020-SBS, No.11150-2020-SBS, No.11170-2020-SBS and No.13195-2020-SBS issued on March 13, 2020, March 16, 2020, March 20, 2020, and May 19, 2020, respectively. Through these Multiple Official Letters, the SBS established the following exceptional measures applicable to loan portfolio:
 - The financial system entities are enabled to modify the contractual conditions of loans without presenting them as refinanced provided that the entire term is not extended for more than six months from the original term. Also, debtors must have a maximum past due of 15 days as of February 29, 2020.
 - In the case of loans to retail clients with modified contractual conditions, the associated interest can continue to be recognized on an accrual basis. However, if the debtor changes its situation to past due after the establishment of new loan terms, the financial entity must reverse the cumulative interest of said loan, proportionally, in a six-month period.
 - For loans to non-retail clients with modified contractual conditions, the associated interest must be recognized by the cash flow method. Cumulative and not collected interest related to these loans must be reversed starting on the modification date.
 - For debtors with past due loans of more than 15 days as of February 29, 2020, the calculation of past due days will be suspended during the National lockdown.
 - If a debtor presents past due payments after the contractual modifications, said loan will be deemed as refinanced loan, following the general criteria of the current regulation.
 - According to Multiple Official Letter No.11150-2020-SBS, the scope of the aforementioned facilities shall be determined by each entity of the financial system, after analyzing the level of impact in their respective loan portfolio.
 - Financial entities are able to record, as preventive and responsible manner, necessary voluntary provisions that allow them to deal with risk increasing in the loan portfolio, at the moment they materialize.

- (b) Multiple Official Letter No.13805-2020-SBS, issued on May 29, 2020: Amended the following regulations:
 Multiple Official Letters No.10997-2020-SBS, No.11150-2020-SBS and No. 11170-2020-SBS (see Note 2.3.1 (a)); and additionally, amended Multiple Official Letters No. 12679-2020 and No. 13195-2020, issued on May 5, 2020, and May 19, 2020, respectively. The main amendments were the following:
 - (i) Financial entities can unilaterally reprogram loans until June 30, 2020, provided the compliance of certain criteria included in said Multiple Official Letter.
 - (ii) The loan rescheduling term ranges from 6 to 12 months with respect to the original term.
 - (iii) For contractual modifications made since the date of the regulation, and only for purposes of the National lockdown, the debt shall be deemed as current if it is past due for a maximum of 30 calendar days.
 - (iv) The suspension of counting of past due days, applicable to past due loans of more than 15 days as of February 29, 2020, shall be effective for the duration of the National lockdown, as well as the accounting situation of said loans. Also, in the case of loans that as of February 29, 2020, have been past due between 15 and 60 days, said suspension shall be effective until the end of the month following that of the lifting of the National lockdown.
- (c) Multiple Official Letter No. 15994-2020-SBS, issued on July 2, 2020: Amended the following regulations:

Multiple Official Letters No. 10997-2020-SBS, No. 11150-2020-SBS, No. 11170-2020-SBS, No. 12679-2020-SBS, No. 13195-2020-SBS, No. 13805-2020-SBS and No. 14355-2020-SBS, issued, respectively, on March 13, 2020, March 16, 2020, March 20, 2020, May 5, 2020, May 19, 2020, May 29, 2020, and June 9, 2020. The main clarification was the following:

(i) The suspension of counting of past-due days, shall be maintained only until July 31, 2020, applicable to loans with more than 15 calendar days past due, as of February 29, 2020, as well as the accounting situation of said loans.

In application of the regulations issued by the SBS and summarized in previous paragraphs, Interbank has reprogramed loans for approximately S/11,759 million and has modified their respective payment schedules. Thus, the present value of the loans has decreased by S/151 million, which are presented by reducing the interest income of the loan portfolio; see Note 14.

2.3.2 Resolution No.1264-2020-SBS, issued on March 26, 2020 This Resolution establishes that in the modifications of the contractual conditions indicated in the Multiple Official Letters mentioned in Note 2.3.1, it shall not increase the regulatory capital requirement for the non-revolving consumer loans and mortgage loans. Likewise, said Resolution

authorizes the financial entities to use the additional regulatory capital for the component of the economic cycle.

2.3.3 Repurchase agreements of loan portfolio represented by securities

On April 3, 2020, the BCRP issued the Circular Letter No.0014-2020-BCRP, which establishes the characteristics and procedures of the repurchase agreements of loan portfolio guaranteed by the Peruvian Government. At the selling date, the bank receives the domestic currency (sale amount) and, at the same operation, is obliged to repurchase said portfolio (repurchase amount). The BCRP shall disburse 80 percent of the funds in the bank's current account it holds at the BCRP and the remaining part in a restricted account also held by the bank at the BCRP.

3. Cash and due from banks and inter-bank funds

(a) The detail of cash and due from banks is as follows:

	30.09.2020	31.12.2019
	S/(000)	S/(000)
Cash and clearing (b)	1,772,304	1,877,843

Restricted funds (d)	637,432	1,270,937
Total	17,573,070	11,128,875

(b) In accordance with rules in force, Interbank is required to maintain a legal reserve in order to honor its obligations with the public. This reserve is comprised of funds kept in Interbank and in the BCRP.

The legal reserve funds maintained in the BCRP are non-interest bearing, except for the part that exceeds the minimum reserve required that accrued interest at an annual rate established by the BCRP. As of September 30, 2020, the excess in foreign currency accrued interest in US Dollars at 0.01 percent (1.25 percent as of December 31, 2019).

In Management's opinion, Interbank has complied with the requirements established by the rules in force related to the computation of the legal reserve.

(c) Deposits in domestic banks and abroad are mainly in Soles and US Dollars, they are freely available and accrue interest at market rates.

(d) The Group maintains restricted funds related to:

(*) As of September 30, 2020, correspond to deposits maintained in the BCRP which guarantee agreements amounting to S/520,000,000 (guaranteed agreements amounting to S/1,205,200,000 as of December 31, 2019); see Note 9(b).

Cash and cash equivalents presented in the interim consolidated statement of cash flows do not include the restricted funds and accrued interest.

(e) Inter-bank funds

Corresponds to loans made among financial institutions with maturity, in general, being less than 30 days. As of December 31, 2019, Inter-bank funds assets accrue interest at an annual rate of 2.26 percent in national currency and Inter-bank funds liabilities accrue interest at an annual rate of 2.25 percent in national currency and 1.75 percent in foreign currency and do not have specific guarantees.

(*) As of September 30, 2020, mainly includes impairment allocated to Rutas de Lima for approximately S/49,567,000.

(c) As of September 30, 2020, investments at amortized cost are comprised of Sovereign Bonds of the Republic of Peru issued in Soles and Corporate Bonds, for an amount of S/2,671,524,000 and S/2,853,000, respectively, including accrued interest (as of December 31, 2019 are entirely comprised of Sovereign Bonds of the Republic of Peru issued in Soles, for an amount of S/2,206,986,000, including accrued interest).

As of September 30, 2020, the Sovereign Bonds of the Republic of Peru have maturity dates that range from September 2023 to August 2037, have accrued interest at effective annual rates ranging from 4.29 percent and 5.15 percent (as of December 31, 2019, these investments have maturity dates that range from September 2023 to August 2037, have accrued interest at effective annual rates ranging from 4.29 percent and 6.26 percent), and estimated fair value amounting to approximately S/2,890,132,000 and S/2,328,303,000, as of September 30, 2020 and December 31, 2019, respectively.

During the year 2019, the Government of the Republic of Peru performed public offerings to buyback certain sovereign bonds, with the purpose of renewing its debt and funding its fiscal deficit. Considering the purpose of this offering, following such offering, there would be no outstanding sovereign bonds of the repurchased issuances. In the event that some bonds remained outstanding, they would become illiquid on the market. In that sense, Interbank took part of these public offerings and sold to the Government of the Republic of Peru sovereign bonds classified as investments at amortized cost for approximately S/340,518,000, generating a gain amounting to S/8,474,000, which was recorded within the caption "Gain from derecognition of financial investments at amortized cost" of the interim consolidated statement of income. Notwithstanding the aforementioned, with the purpose of maintaining its asset management strategy, the Bank purchased simultaneously other sovereign bonds of the Republic of Peru for approximately S/340,432,000, and classified them as investments at amortized cost. In Management's opinion and pursuant to IFRS 9, said transaction is congruent with the Group's business model because although said sales were significant, they were infrequent and were performed with the sole purpose of facilitating the debt renewal and the funding of the fiscal deficit of the Republic of Peru.

As of September 30, 2020 and December 31, 2019, Interbank hold loans with the BCRP that are guaranteed with these sovereign bonds of the Republic of Peru, classified as restricted, for approximately S/1,751,243,000 and S/762,347,000, respectively; see Note 9(a).

(f) The Group rates its financial assets into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1: When the financial assets are first recognized, the Group recognizes an allowance based on 12 months ECLs. Stage 1 also includes financial assets whose credit risk has improved and the loan has been reclassified from Stage 2. Stage 2: When a financial asset has shown a significant increase in credit risk since origination, the Group records an allowance for the lifetime ECLs. Stage 2 also includes financial assets whose credit risk has improved and the financial asset has been reclassified from Stage 3.

Stage 3: Financial assets considered credit -impaired. The Group records an allowance for the lifetime financial asset.

For more information, see Note 30.1 of the Annual Consolidated Financial Statements.

(*) As of September 30, 2020, the increase in loan impairment loss, net of recoveries, corresponds to greater provision requirements, mainly in the consumer loan portfolio related to adjustments performed in the calculation model of expected credit loss of Interbank's clients aimed to face the impact of Covid-19; see Note 1(b).

(**) The Group writes-off financial assets that are still subject to collection activities. In this regard, the Group seeks to recover the amounts legally owed in full but have been written off because there is no reasonable expectation of recovery.

(***) Corresponds mainly to the effect of the exchange rate and the variation of the time value of money.

As of September 30, 2020 and December 31, 2019, certain derivative financial instruments required the establishment of collateral deposits; see Note 3(d). (i)

For the designated hedging derivatives mentioned in the table above, changes in fair values of hedging instruments completely offset the changes in fair values of hedged items; therefore, there has been no hedge ineffectiveness in 2020 and 2019. During the (ii) year 2019, two hedges were discontinued for a total nominal value of US\$20,000,000 because of the early redemption of the senior bonds denominated "5.750% Senior Notes due 2020".

Derivatives held for trading are traded mainly to satisfy clients' needs. The Group may also take positions with the expectation of profiting from favorable movements in prices or rates. Also, this caption includes any derivatives which do not comply with (iii) IFRS 9 hedging accounting requirements.

(b) The international issuances are listed at the Luxembourg Stock Exchange. On the other hand, the local and international issuances include standard clauses of compliance with financial ratios, the use of funds and other administrative matters.

As of September 30, 2020 and December 31, 2019, the international issuances maintain mainly standard clauses for periodic reporting of financial information. In the opinion of Management and its legal advisors, these clauses have been met by the Group as of September 30, 2020 and December 31, 2019. See detailed information in Note 13 of the Annual Consolidated Financial Statements.

- (c) On September 30, 2020, Interseguro issued subordinated bonds denominated "Third Issuance of the Third Program of Subordinated Bonds Interseguro (Single Serie)" for the amount of US\$25,000,000, recorded in Section "Transferable Securities and Issuance Programs" of the Public Registry of the Stock Market, under the Third Program of Subordinated Bonds of Interseguro.
- (d) During the month of June 2020, Interbank issued subordinated bonds called "4.00% Subordinated Notes due 2030" for an amount of US\$300,000,000, under Rule 144A and Regulation S of the U.S. Securities Act of 1933 of the United States of America.

(*) In December 2019, the SBS authorized the transfer of a net equity block from Mapfre Peru Vida, which was made effective on January 2, 2020. The final value of the loan portfolio transfer resulted in a price adjustment in favor of Mapfre for a total amount of S/9,534,000, which were disbursed by Interseguro in cash.

In Management's opinion, these balances reflect the exposure of life and general insurance contracts as of September 30, 2020 and December 31, 2019, in accordance with IFRS 4. (c)

(d) The main assumptions used in the estimation of retirement, disability and survival annuities and individual life reserves as of September 30, 2020 and December 31, 2019, are the following:

Туре	Mortality table	Interest rates	
		30.09.2020	31.12.2019
Annuities	SPP-S-2017, SPP-I-2017	4.09% in US\$	4.54% in US\$
	with improvement factor for mortality	2.33% in S/ VAC 5.50% in adjusted S/	1.89% in S/ VAC 5.10% in adjusted S/
Retirement, disability and survival	SPP-S-2017, SPP-I-2017 with improvement factor for mortality	2.33% in S/ VAC	1.89% in S/ VAC
Individual life insurance contracts (included linked insurance contracts)	CSO 80 adjusted	4.00 - 5.00%	4.00 - 5.00%

The sensitivity of the estimates used by the Group to measure its insurance risks is represented primarily by life insurance risks; the main variables as of September 30, 2020 and December 31, 2019 are the interest rates and the mortality tables. The Group has assessed the changes of the reserves related to its most significant life insurance contracts included in the reserves of annuities, retirement, disability and survival of +/-100 basis points (bps) in the interest rates and of +/-500 basis points (bps) of the mortality factors, being the results as follows:

12. Net equity

(a) Capital stock and distribution of dividends -

IFS's shares are listed on the Lima Stock Exchange and, since July 2019, they are listed on the New York Stock Exchange. IFS's shares have no nominal value and their issuance value was US\$9.72 per share. As of September 30, 2020 and December 31, 2019, IFS's capital stock is represented by 115,447,705 subscribed and paid-in common shares.

The General Shareholders' Meeting of IFS held on April 7, 2020, agreed to distribute dividends for the year 2019 for approximately US\$202,033,000 (equivalent to approximately S/698,228,000), equivalent to US\$1.75 per share, which were paid on May 6, 2020.

The General Shareholders' Meeting of IFS held on April 1, 2019, agreed to distribute dividends for the year 2018 for approximately US\$197,187,000 (equivalent to approximately S/654,464,000), equivalent to US\$1.75 per share, which were paid on May 3, 2019.

(b) Treasury stock -

As of September 30, 2020 and December 31, 2019, some subsidiaries hold 500 and 1,400 shares issued by IFS, respectively, with an acquisition cost equivalent to S/57,000 and S/196,000, respectively.

Sale of treasury stock (2019)

As indicated in Note 1(c), in July 2019, Interbank and IFS sold a combined 2,418,754 shares. Said sale was recorded by decreasing the caption "Treasury stock" for an amount of S/208,178,000, and the highest value collected due to said sale amounted to S/138,997,000 and was recorded in the caption "Retained earnings".

(c) Capital surplus -

Corresponds to the difference between the nominal value of the shares issued and their public offerings price, which were performed in 2007 and 2019; see Note 1(c). Capital surplus is presented net of the expenses incurred and related to the issuance of such shares.

(d) Reserves -

The Board of Directors of IFS held on April 22, 2020, agreed to constitute reserves for S/500,000,000 charged to retained earnings.

(e) Shareholders' equity for legal purposes (regulatory capital) -

IFS is not required to establish a regulatory capital for statutory purposes. As of September 30, 2020 and December 31, 2019, the regulatory capital required for Interbank, Interseguro and Inteligo Bank (a Subsidiary of Inteligo Group Corp.), is calculated based on the separate financial statements of each Subsidiary prepared following the accounting principles and practices stated by their regulators (the SBS or Central Bank of the Bahamas, in the case of Inteligo Bank).

In Management's opinion, Interbank, Interseguro and Inteligo Bank have been fulfilling the current requirements established by their regulators.

13. Tax situation

- (a) IFS and its Subsidiaries incorporated and domiciled in the Republic of Panama and the Commonwealth of the Bahamas, are not subject to Income Tax, or any other taxes on capital gains, equity or property; nevertheless, IFS is subject to an additional tax on dividends received from its Subsidiaries incorporated and domiciled in Peru; see paragraph (b). The Subsidiaries incorporated and domiciled in Peru are subject to the Peruvian Tax legislation; see paragraph (c).
- (b) Legal entities or individuals not domiciled in Peru are subject to an additional tax (equivalent to 5 percent) on dividends received from entities domiciled in Peru. The corresponding tax is withheld by the entity that distributes the dividends. In this regard, since IFS controls the entities that distribute the dividends, it recognizes the amount of the additional Income Tax as expense of the financial year of the dividends.
- (c) IFS's Subsidiaries incorporated in Peru are subject to the payment of Peruvian taxes; hence, they must calculate their tax expenses on the basis of their separate financial statements. The Income Tax rate as of September 30, 2020 and December 31, 2019, was 29.5 percent, over the taxable income.
- (d) The Tax Authority (henceforth "SUNAT", by its Spanish acronym) is legally entitled to perform tax audit procedures for up to four years subsequent to the date at which the tax return regarding a taxable period must be filed. The Income Tax and the Value-Added-Tax returns subject to inspection by the Tax Authority in each of the Subsidiaries, are the following:
 - Interbank: Income Tax returns for the years 2014 to 2019, and Value-Added-Tax returns for the years 2015 to 2019.
 - Interseguro: Income Tax returns for the years 2014, 2015, 2017, 2018 and 2019, and Value-Added-Tax returns for the years 2014 to 2019.
 - Hipotecaria Sura and Seguros Sura: Income Tax returns for the years 2014 to 2018, and Value-Added-Tax returns for the years 2014 to 2018.

Given the possible interpretations that SUNAT may give to the legislation in effect, up to date it is not possible to determine whether or not any review to be conducted would result in liabilities for the Subsidiaries; any increased tax or surcharge that could arise from possible tax audits would be applied to the results of the period in which such tax increase or surcharge may be determined.

Following is the detail of the ongoing tax procedures for the Subsidiaries:

Interbank:

In April 2004, June 2006, February 2007, June 2007, November 2007, October 2008 and December 2010, Interbank received a number of Tax Determination and Tax Penalty notices corresponding mainly to the Income Tax determination for the fiscal years 2000 to 2006. As a result, claims and appeals were filed and subsequent contentious administrative proceedings were started, with the exception of Income Tax 2006, which is still pending in the Tax Court.

Regarding the tax litigations followed by Interbank related to the annual Income Tax returns for the years 2000 to 2006, the most relevant matter subject to discrepancy with SUNAT corresponds to whether the "interest in suspense" are subject to Income Tax or not. In this sense, the Bank considers that the interest in

suspense do not constitute accrued income, in accordance with the SBS's regulations, which is also supported by rulings by the Permanent Constitutional and Social Law Chamber of the Supreme Court issued in August 2009 and a recent pronouncement in June 2019.

Notwithstanding the foregoing, in February 2018, the Third Transitory Chamber of Constitutional and Social Law of the Supreme Court issued a ruling regarding a third bank that impacted the original estimation regarding the degree of contingency for this discrepancy. Subsequently, in June 2019, the Permanent Chamber of Constitutional and Social Law of the Supreme Court, in a case followed with another financial entity, ruled in favor of the tax treatment over the interest in suspense followed by said entity; which is consistent with the tax treatment followed by Interbank. On March 12, 2020, the Permanent Chamber of Constitutional and Social Law of the Supreme Court published on the website of the Judiciary its ruling regarding Interbank's Income Tax for the year 2003, declaring groundless the cassation appeals filed by SUNAT and the Ministry of Economy and Finance ("MEF", by its Spanish acronym), thus reaffirming the position held by the Bank regarding that interest in suspense does not constitute taxable income. Lastly, on July 6, 2020, the Permanent Chamber of Constitutional and Social that interest in suspense does not constitute taxable income. Lastly, on July 6, 2020, the Permanent Chamber of Constitutional and Social Law of the Supreme Court has formally notified the aforementioned ruling.

From the tax and legal analysis performed, reinforced by the aforementioned recent ruling by the Permanent Chamber of Constitutional and Social Law of the Supreme Court, Interbank's Management and its external legal advisors consider that it exists sufficient technical support for the prevalence of Interbank's position, in relation with the tax periods under resolution process; thus, it has not been recorded any provision for this contingency as of September 30, 2020 and December 31, 2019.

The tax liability requested for this concept and other minor contingencies as of September 30, 2020, without considering the effects of the ruling by the Permanent Chamber of Constitutional and Social Law of the Supreme Court published on March 12, 2020, amounted to approximately S/310,000,000, out of which S/34,000,000 corresponded to taxes and the difference to fines and interest arrears (as of December 31, 2019 amounted to approximately S/303,000,000, out of which S/34,000,000 corresponded to taxes and the difference to fines and interest arrears (as and the difference to fines and interest arrears); however, it is estimated that once SUNAT performs the resettlements of the Income Tax, including the effects of said ruling, the requested amount will diminish significantly.

On the other hand, on February 3, 2017, SUNAT closed the audit process corresponding to the Income Tax for the year 2010. Interbank paid the debt under protest and filed a claim procedure. Subsequently, on November 6, 2018, SUNAT closed again the audit process corresponding to the Income Tax 2010, which had been reopened due to invalidity; Interbank filed a claim procedure and afterwards a tax appeal. Currently, the appeal is pending resolution by the Tax Court.

On February 14, 2018, SUNAT notified Interbank of the beginning of the partial audit process for the third category Income Tax corresponding to the year 2014. Subsequently, on September 7, 2018, SUNAT closed said partial audit process and did not determine any additional settlement of said tax.

On January 14, 2019, Interbank was notified of the Determination and Penalty Resolutions corresponding to the audit of the Income Tax for the fiscal year 2013. The tax debt requested by SUNAT amounts to approximately S/50,000,000 (including taxes, penalties and moratorium interest). The main concept observed was the deduction of loan write-offs without proof by the SBS. As of September 30, 2020, the tax liability

requested for this concept and other minor contingencies amounted to approximately S/41,000,000, out of which S/11,000,000 corresponded to taxes and the difference to fines and interest arrears (S/39,000,000 and S/11,000,000, respectively as of December 31, 2019).

To date, Interbank's Management has submitted the respective complaints to the resolutions indicated above. In the opinion of Management and its legal advisors, any eventual additional tax would not be significant for the financial statements as of September 30, 2020 and December 31, 2019.

On April 26, 2019, SUNAT notified Interbank about the commencement of the definitive audit process on Income Tax withholdings of non-domiciled entities corresponding to the year 2018. To date, said audit is under process.

On September 11, 2019, SUNAT notified Interbank about the commencement of the definitive audit process on the Income Tax corresponding to the year 2014. To date, said audit is under process.

On December 12, 2019, SUNAT notified Interbank about the commencement of the definitive audit process on the Income Tax corresponding to the year 2015. To date, said audit is under process.

On July 31, 2020, Interbank was notified of the Determination and Penalty Resolutions corresponding to the audit of the Income Tax for the fiscal year 2012. The tax debt requested by SUNAT amounts to approximately S/13,000,000. The main concept observed was the deduction of expenses for income from foreign sources.

As of September 30, 2020, the tax liability requested for this concept and other minor contingencies amounts to approximately S/13,000,000 referred to fines and interest arrears.

Lastly, to date, SUNAT is auditing Interbank's 2014 taxable period. In the opinion of Management and its legal advisors, any eventual additional tax settlement would not be significant for the financial statements as of September 30, 2020 and December 31, 2019.

Interseguro:

On January 4, 2019, Interseguro was notified through a Tax Determination notice about the partial audit of the Income Tax for non-domiciled entities for Sura corresponding to January 2015. The tax debt requested by SUNAT amounts to approximately S/19,000,000. On January 30, 2019, the Company filed an appeal against the Resolution of Determination claimed by SUNAT. Considering that this debt corresponds to a period prior to the acquisition of Seguros Sura by the Group and according to the conditions of the purchase and sale agreement of this entity, this debt, if confirmed after the legal actions that Management is to file, would be assumed by the sellers.

In the opinion of Management and its legal advisors, any eventual additional tax settlement would not be significant for the financial statements as of September 30, 2020 and December 31, 2019.

(e) As of September 30, 2020 and December 31, 2019, the Group holds participations in different mutual funds managed by Interfondos that are classified as investment at fair value through profit or loss and amount approximately to S/471,000 and S/701,000, respectively.

- (f) It corresponds mainly to prepaid expenses for spaces ceded to Interbank in the stores of Supermercados Peruanos S.A. for the operation of financial agencies until the year 2030, and for an amount of approximately S/7,194,000 and S/6,628,000 as of September 30, 2020 and December 31, 2019, respectively (see Note 7(a)). Interbank may renew the term of the agreement for an additional term of 15 years.
- (g) It corresponds to a loan with maturity in 2046 and bears interests at market rates.
- (h) As of September 30, 2020 and December 31, 2019, corresponds to a financial lease for the construction of educational facilities in San Juan de Lurigancho and Ate Vitarte districts.
- (i) In Management's opinion, transactions with related companies have been performed under market conditions and within the limits permitted by the SBS. Taxes generated by these transactions and the taxable base used for computing them are those customarily used in the industry and they are determined according to the tax rules in force.

20. Business segments

The Chief Operating Decision Maker ("CODM") of IFS is the Chief Executive Officer ("CEO"). The Group presents three operating segments based on products and services, as follows:

Banking -

Mainly loans, credit facilities, deposits and current accounts.

Insurance -

It provides annuities and conventional life insurance products, as well as other retail insurance products.

Wealth management -

It provides brokerage and investment management services. Inteligo serves mainly Peruvian citizens.

The operating segments monitor the operating results of their business units separately for the purpose of making decisions on the distribution of resources and performance assessment. Segment performance is evaluated based on operating profit or loss and it is measured consistently with operating profit or loss in the interim consolidated financial statements.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

No revenue from transactions with a single external customer or counterparty exceeded 10 percent of the Group's total revenues for the periods as of September 30, 2020 and 2019.

The following table presents the Group's financial information by business segments for the nine-months period ended September 30, 2020 and 2019:

22. Financial risk management

It comprises the management of the main risks, that due to the nature of their operations, IFS and its Subsidiaries are exposed to; and correspond to: credit risk, market risk, liquidity risk, insurance risk and real estate risk.

In order to manage this risk, every Subsidiary of the Group has a specialized structure and organization in their management, measurement systems, mitigation and coverage processes that considers the specific needs and regulatory requirements to develop its business. The Group and its Subsidiaries, mainly Interbank, Interseguro and Inteligo Bank, operate independently but in coordination with the general provisions issued by the Board of Directors and the Management of IFS.

A full description of the Group's financial risk management is presented in Note 30 "Financial risk management" of the Annual Consolidated Financial Statements; following is presented the financial information related to credit risk management for the loan portfolio, offsetting of financial assets and liabilities, and foreign exchange risk.

(a) Credit risk management for loans

Interbank's loan portfolio is segmented into homogeneous groups that shared similar credit risk characteristics. These groups are: (i) Retail Banking (credit card, mortgage, payroll loan, consumer loan and vehicular loan), (ii) Small Business Banking (segments S1, S2 and S3), and (iii) Commercial Banking (corporate, institutional, companies and real estate). In addition, at Inteligo Bank, the internal model developed (scorecard) assigns 5 levels of credit risk classified as follows: low risk, medium low risk, medium risk, medium high risk, and high risk. These categories are described in Note 30.1(d) of the Annual Consolidated Financial Statements.

The information that shows the credit quality and maximum exposure to credit risk of direct loans based on the Group's internal credit rating as of September 30, 2020 and December 31, 2019, are presented in Note 5.

(b) Offsetting of financial assets and liabilities The information contained in the tables below includes financial assets and liabilities that:

- Are offset in the statement of financial position of the Group; or
- Are subject to an enforceable master netting arrangement or similar agreement that covers similar financial instruments, regardless of whether they are offset in the interim consolidated statement of financial position or not.

Similar arrangements of the Group include derivatives clearing agreements. Financial instruments such as loans and deposits are not disclosed in the following tables since they are not offset in the interim consolidated statement of financial position.

The offsetting framework agreement issued by the International Swaps and Derivatives Association Inc. ("ISDA") and similar master netting arrangements do not meet the criteria for offsetting in the statement of financial position, because of such agreements were created in order for both parties to have an enforceable offsetting right in cases of default, insolvency or bankruptcy of the Group or the counterparties or following other predetermined events. In addition, the Group and its counterparties do not intend to settle such instruments on a net basis or to realize the assets and settle the liabilities simultaneously.

The Group receives and delivers guarantees in the form of cash with respect to transactions with derivatives; see Note 3.

(b.1) Financial assets and liabilities subject to offsetting, enforceable master netting arrangements and similar agreements as of September 30, 2020 and December 31, 2019, is presented below:

Foreign exchange risk (c)

The Group is exposed to fluctuations in the exchange rates of the foreign currency prevailing in its financial position and cash flows. Management sets limits on the levels of exposure by currency and total daily and overnight positions, which are monitored daily. Most of the assets and liabilities in foreign currency are stated in US Dollars. Transactions in foreign currency are made at the exchange rates of free market.

As of September 30, 2020, the weighted average exchange rate of free market published by the SBS for transactions in US Dollars was S/3.595 per US\$1 bid and S/3.599 per US\$1 ask (S/3.311 and S/3.317 as of December 31, 2019, respectively). As of September 30, 2020, the exchange rate for the accounting of asset and liability accounts in foreign currency set by the SBS was S/3.597 per US\$1 (S/3.314 as of December 31, 2019).

The methodologies and assumptions used to determine fair values depend on the terms and risk characteristics of each financial instrument and they include the following:

- (i) Long-term fixed-rate and variable-rate loans are assessed by the Group based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the estimated losses of these loans. As of September 30, 2020 and December 31, 2019, the book value of loans, net of allowances, was not significantly different from the calculated fair values.
- (ii) Instruments whose fair value approximates their book value: For financial assets and financial liabilities that are liquid or have short-term maturity (less than 3 months) it is assumed that the carrying amounts approximate to their fair values. This assumption is also applied to demand deposits, savings accounts without a specific maturity and variable-rate financial instruments.
- (iii) Fixed-rate financial instruments: The fair value of fixed-rate financial assets and financial liabilities at amortized cost is determined by comparing market interest rates when they were first recognized with current market rates related to similar financial instruments for their remaining term to maturity. The fair value of fixed interest rate deposits is based on discounted cash flows using market interest rates for financial instruments with similar credit risk and maturity. For quoted debt issued, the fair value is determined based on quoted market prices. When quotations are not available, a discounted cash flow model is used based on the yield curve of the appropriate interest rate for the remaining term to maturity.

24. Fiduciary activities and management of funds

The Group provides custody, trustee, investment management and advisory services to third parties; therefore, the Group makes purchase and sale decisions in relation to a wide range of financial instruments. Assets that are held in trust are not included in the interim consolidated financial statements. These services give rise to the risk that the Group could eventually be held responsible of yield of the assets under its management.

As of September 30, 2020 and December 31, 2019, the value of the managed off-balance sheet financial assets is as follows:

	30.09.2020	31.12.2019
	S/(000)	S/(000)
Investment funds	14,332,714	13,243,888
Mutual funds	5,547,193	5,049,034
