(1) Figures as of 06.30.22 have been re-expressed for comparison purposes due to IFRS17 adoption.

Intercorp Financial Services' net profit was S/ 331.0 million in 2Q23, representing an increase of S/ 64.1 million QoQ, or 24.0%, and S/ 105.6 million YoY, or 46.9%.

It is worth mentioning that IFS' results in 1Q23 were impacted by the booking of an impairment affecting interest on loans for S/ 70.0 million, or S/ 41.5 million after taxes. This was related to rescheduled loans granted in 1Q23 to help customers affected by the protests and rains that occurred during such quarter, in line with SBS guidelines. Excluding such impairment, profits would have resulted in S/ 308.4 million in 1Q23, resulting in an increase of S/ 22.6 million, or 7.3% QoQ.

IFS's annualized ROE was 14.3% in 2Q23, above the 11.5% registered in 1Q23 and the 10.8% reported in 2Q22. For a comparison basis, ROE would have resulted in 13.3% in 1Q23, when excluding the above-mentioned impairment in such quarter.

(1) Figures for 2Q22 have been re-expressed for comparison purposes due to IFRS17 adoption.

Quarter-on-quarter performance

Profits increased S/ 64.1 million QoQ, or 24.0%, mainly due to S/ 97.5 million higher net interest and similar income, in addition to an improvement of S/ 57.1 million in insurance results. These factors were partially offset by a S/ 58.1 million contraction in other income, as well as increases of S/ 49.2 million in impairment loss on loans, net of recoveries, and S/ 10.2 million in other expenses.

Net interest and similar income increased S/ 97.5 million QoQ, or 9.0%, mainly explained by higher average yields on loans in our Banking business, as well as higher dividends received from the proprietary portfolio investments in our Wealth Management business.

Insurance results grew S/ 57.1 million QoQ as a result of lower expenses of S/ 58.4 million in annuities, partially offset by higher expenses of S/ 2.8 million in retail insurance.

Other income decreased S/ 58.1 million QoQ, or 40.6%, mainly due to lower results in our Insurance business and a negative performance at the holding company level. These effects were partially compensated by lower mark-to-market losses in our Wealth Management business, in turn associated with an improvement in global market trends.

Impairment loss on loans, net of recoveries, increased S/ 49.2 million QoQ, or 13.4%, explained by higher provision requirements in the retail loan book, especially in credit cards, partially offset by lower requirements in the commercial loan book in our Banking business.

Other expenses increased S/ 10.2 million QoQ, or 1.5%, due to higher administrative expenses in our Banking and Payments businesses. These effects were partially compensated by lower administrative expenses in our Wealth Management business.

IFS' effective tax rate decreased, from 28.1% in 1Q23 to 23.7% in 2Q23, as a result of higher contribution to profits from tax-exempt businesses.

Year-on-year performance

Profits increased S/ 105.6 million YoY, or 46.9%, mainly due to increases of S/ 143.9 million in net interest and similar income, S/ 89.8 million in other income, S/ 28.4 million in insurance results and S/ 5.3 million in net fee income from financial services. These effects were partially compensated by increases of S/ 223.5 million in impairment loss on loans, net of recoveries, and S/ 34.2 million in other expenses.

Net interest and similar income increased S/ 143.9 million YoY, or 13.9%, mainly explained by higher average yields across all components of interest-earning assets in our Banking business, partially offset by lower interest income in our Insurance business, in turn attributed to a decrease in inflation-linked returns.

Other income grew S/ 89.8 million YoY, mostly due to lower mark-to-market losses in our Wealth Management business, in turn associated with an improvement in global market trends, as well as higher net gain on foreign exchange transactions and on financial assets at fair value through profit or loss in our Banking business. These factors were slightly offset by reductions in valuation results from investment property and rental income in our Insurance business.

Insurance results increased S/ 28.4 million YoY as a result of lower insurance expense which more than offset lower insurance income.

Net fee income from financial services grew S/ 5.3 million YoY, or 1.8%, mainly attributed to higher fees from maintenance and mailing of accounts, transfer fees and commissions on debit card services, commissions from credit card services, commissions from banking services, and lower expenses related to insurance in our Banking business.

Impairment loss on loans, net of recoveries increased S/ 223.5 million YoY, or more than two-fold, due to higher requirements in both retail and commercial loan portfolios in our Banking business.

Other expenses grew S/ 34.2 million YoY, or 5.2%, mainly attributed to higher administrative expenses in our Banking and Payments businesses, as well as salaries and employee benefits in our Insurance business. These effects were partially compensated by lower administrative expenses in our Wealth Management business.

IFS' effective tax rate decreased YoY, mainly as a result of the reversion of losses to profits in our Wealth Management business, and the higher contribution to profits from our Insurance business, both of which are tax-exempt.

CONTRIBUTION BY BUSINESS

Interbank

SUMMARY

Interbank's profits were S/ 274.4 million in 2Q23, an increase of S/ 24.2 million QoQ, or 9.6%, but a reduction of S/ 46.8 million YoY, or 14.6%. The quarterly performance was mainly attributed to growth of S/ 93.4 million in net interest and similar income, partially offset by increases of S/ 49.2 million in impairment loss on loans, net of recoveries, and S/ 10.9 million in other expenses, together with a negative performance in translation result.

It is important to note that the higher net interest and similar income was partly explained by a base effect from the booking of an impairment for S/ 70.0 million in 1Q23, or S/ 41.5 million after taxes. This was related to rescheduled loans granted in 1Q23 to help customers affected by the protests and rains that occurred during such quarter, in line with SBS guidelines. Excluding such impairment, net interest and similar income would have grown 2.5% QoQ.

The annual performance in net profit was mainly explained by growth of S/ 233.5 million in impairment loss on loans, net of recoveries, and S/ 16.6 million in other expenses, in addition to a negative reversion in translation result. These factors were partially compensated by increases of S/ 162.0 million in net interest and similar income, S/ 18.0 million in net fee income from financial services, and S/ 12.0 million in other income.

Interbank's ROE was 14.8% in 2Q23, above the 13.6% reported in 1Q23, but below the 19.4% registered in 2Q22.

INTEREST-EARNING ASSETS

Interbank's interest-earning assets reached S/ 65,894.9 million as of June 30, 2023, an increase of 0.5% QoQ and 3.9% YoY.

The quarterly growth in interest-earning assets was explained by increases of 6.4% in financial investments and 1.4% in loans, partially offset by a decrease of 9.0% in cash and due from banks and inter-bank funds.

The YoY increase in interest-earning assets was attributed to growth of 8.4% in financial investments and 5.8% in loans, partially compensated by a decrease of 7.9% in cash and due from banks and inter-bank funds.

The evolution of performing loans continued to be affected by the disbursement and maturity or prepayment of commercial loans under the Reactiva Peru Program. As of June 30, 2023, these performing loans amounted S/ 1,031.2 million, compared to balances of S/ 1,452.1 million as of March 31, 2023 and S/ 3,337.8 million as of June 30, 2022.

Performing loans increased 1.5% QoQ, as retail loans sequentially grew 3.0%, while commercial loans slightly decreased 0.4%. Excluding the effect of the Reactiva Peru Program in the comparing periods, total performing loans would have increased 2.5% and commercial loans would have increased 1.9%.

Retail loans grew 3.0% QoQ due to increases of 3.9% in consumer loans and 1.5% in mortgages. Growth in consumer loans resulted from higher balances of cash loans and vehicle loans, personal loans and credit cards, as well as payroll deduction loans.

The quarterly reduction in commercial loans was a result of lower working capital loans in the mid-sized segment and trade finance loans in the corporate segment. These factors were partially offset by higher balances of working capital loans and leasing operations in the corporate segment.

Performing loans grew 5.2% YoY explained by a 13.9% increase in retail loans, partially offset by a 4.2% reduction in commercial loans. Excluding the effect of the Reactiva Peru Program in the comparing periods, performing loans and commercial loans would have increased 11.6% and 8.6% YoY, respectively.

The YoY growth in retail loans was due to increases of 18.5% in consumer loans and 6.8% in mortgages. The increase in consumer loans resulted from higher balances of cash loans and vehicle loans, credit cards and personal loans, as well as payroll deduction loans.

The annual reduction in commercial loans was mainly explained by lower balances of Reactiva Peru loans, particularly lower working capital loans in the mid and small-sized segments, as well as lower trade finance loans in the corporate segment. These effects were partially compensated by higher balances of leasing operations and working capital loans in the corporate segment.

As of 2Q23, 1Q23 and 2Q22, Interbank's rescheduled portfolio of Reactiva Peru loans amounted to S/ 1,075.0 million, S/ 1,266.0 million and S/ 1,829.3 million, respectively, representing 87.3% of total balances of Reactiva Peru loans in 2Q23, 74.6% in 1Q23 and 52.3% in 2Q22.

It is worth mentioning that these loans are guaranteed in large part by the Peruvian government. As of June 30, 2023, Interbank activated the guarantee coverage for an amount of S/ 728.5 million.

Interbank's funding base was still influenced by the funds provided by the Central Bank, associated with the bank's involvement in the Reactiva Peru Program. As of June 30, 2023, the balance of such special funding was S/ 928.9 million, compared to S/ 1,356.7 million as of March 31, 2023 and S/ 3,139.8 million as of June 30, 2022.

The bank's total funding base increased 0.9% QoQ, in line with the 0.5% QoQ growth of interest-earning assets. This was explained by an increase of 16.0% in due to banks and correspondents and inter-bank funds, partially offset by a 2.8% contraction in bonds, notes and other obligations, as well as a 1.3% reduction in deposits and obligations. Excluding the effect of the Reactiva Peru Program's funds, the bank's total funding base would have increased 1.6% QoQ, while due to banks and correspondents and inter-bank funds would have grown 25.9%.

The quarterly increase in due to banks and correspondents and inter-bank funds was mainly the result of higher long and short-term funding provided by correspondent banks abroad, as well as short-term inter-bank operations. These factors were partially compensated by lower long-term funding provided by the Central Bank.

The QoQ decline in bonds, notes and other obligations was mainly attributable to a lower exchange rate over the balances of the dollar-denominated bonds.

The quarterly reduction in deposits and obligations was mainly due to a decrease of 16.1% in institutional deposits, partially offset by growth of 6.7% in commercial deposits, while retail deposits remained relatively stable.

The bank's total funding base increased 2.4% YoY, compared to the 3.9% growth of interest-earning assets. This was explained by increases of 20.7% in due to banks and correspondents and inter-bank funds, and 4.7% in deposits and obligations, partially offset by a 33.8% reduction in bonds, notes and other obligations. Excluding the effect of the Reactiva Peru Program's funds, the bank's total funding base and due to banks and correspondents and inter-bank funds would have increased 6.6% and 85.8% YoY, respectively.

The YoY growth in due to banks and correspondents and inter-bank funds was mainly the result of higher long and short-term funding provided by correspondent banks abroad, as well as higher short and long-term inter-bank funds, in addition to a higher long-term funding from COFIDE. These effects were partially offset by lower long-term funding provided by the Central Bank.

The annual increase in deposits and obligations was mainly attributable to growth of 35.3% in institutional deposits and 7.9% in retail deposits, partially offset by a 10.2% reduction in commercial deposits.

The YoY decrease in bonds, notes and other obligations was due to the maturity and cancellation of senior unsecured bonds in the international market for US\$ 485.0 million, as well as subordinated bonds in the local market for S/ 150.0 million, both in January 2023.

As of June 30, 2023, the proportion of deposits and obligations to total funding was 77.2%, higher than the 75.5% reported as of June 30, 2022. Likewise, the proportion of institutional deposits to total deposits grew from 12.0% as of June 30, 2022 to 15.5% as of June 30, 2023.

QoQ Performance

Net interest and similar income grew 10.9% QoQ due to an 11.5% increase in interest and similar income, partially compensated by 12.7% growth in interest and similar expense.

The higher interest and similar income was attributed to increases of 13.4% in interest on loans and 1.6% in interest on financial investments, partially offset by a slight 0.5% reduction in interest on due from banks and inter-bank funds.

Interest and similar income grew partly explained by a base effect from the booking of an impairment for S/ 70.0 million in 1Q23, which boosted a 13.4% growth in interest on loans. The impairment was related to rescheduled loans granted in 1Q23 to help customers affected by the protests and rains that occurred during such quarter, in line with SBS guidelines. Excluding such impairment, interest on loans would have increased 7.1%, while interest and similar income and net interest and similar income would have grown 6.2% and 2.5%, respectively.

Interest on loans increased S/ 158.4 million QoQ, or 13.4%, as the result of a 120 basis point growth in the average yield, partly due to the impairment in 1Q23, in addition to 1.2% growth in the average loan portfolio. Excluding the impairment on interest on loans, the average yield would have increased 60 basis points.

The higher average volume of loans was attributed to 3.6% growth in retail loans, partially offset by a 5.4% reduction in commercial loans, as retail loans contributed more to total loans. In the retail portfolio, average volumes increased 4.9% in consumer loans and 1.4% in mortgages. In the commercial portfolio, average volumes decreased 8.6% in trade finance loans and 0.4% in working capital loans, partially compensated by 2.9% higher leasing operations.

Interest on financial investments increased S/ 1.9 million QoQ, or 1.6%, due to growth of 9.0% in the average volume and despite a 30 basis point decrease in the average yield, from 4.8% in 1Q23 to 4.5% in 2Q23.

Contrary to the performance of interest on loans and investments, interest on due from banks and inter-bank funds slightly declined S/ 0.4 million QoQ, or 0.5%, explained by a 6.8% reduction in the average volume, despite a 20 basis point increase in the nominal average rate, from 3.0% in 1Q23 to 3.2% in 2Q23.

The nominal average yield on interest-earning assets increased 90 basis points QoQ, from 8.2% in 1Q23 to 9.1% in 2Q23. However, excluding the impairment on interest on loans in 1Q23, the average return on interest-earning assets would have increased 40 basis points, from 8.7%.

The higher interest and similar expense was due to increases of 39.7% in interest on due to banks and correspondents, and 9.3% in interest on deposits and obligations, partially compensated by a 2.9% reduction in interest on bonds, notes and other obligations.

Interest on due to banks and correspondents increased S/ 33.4 million QoQ, or 39.7%, explained by a 90 basis point increase in the average cost, in addition to a 16.0% increase in the average volume. The higher average cost was explained by higher rates paid to funds provided by correspondent banks abroad and to a lesser extent from the Central Bank. Growth in the average volume was mostly attributed to higher funding from correspondent banks abroad and inter-bank funds.

The quarterly growth in interest on deposits and obligations was due to a 30 basis point increase in the average cost, from 3.3% in 1Q23 to 3.6% in 2Q23, in addition to a 1.1% increase in the average volume. The increase in the average cost was due to higher rates paid to

retail deposits, partially offset by lower rates paid to commercial deposits. By currency, average balances of soles-denominated deposits grew 1.1% while average dollar-denominated deposits increased 1.3%.

The reduction in interest on bonds, notes and other obligations was mostly attributed to a 20.1% lower average volume, as a result of the maturity of US\$ 485.0 million senior bonds in the international market and S/ 150.0 million subordinated bonds in the local market, both in early 2023, in addition to a reduction of the foreign exchange rate.

The average cost of funding increased 40 basis points, from 3.6% in 1Q23 to 4.0% in 2Q23, as a consequence of the higher cost of due to banks and correspondents, as well as deposits.

As a result of the above, net interest margin was 5.6% in 2Q23, 50 basis points higher than the 5.1% reported in 1Q23. However, excluding the impairment on interest on loans in 1Q23, net interest margin would have increased 10 basis points, from 5.5%.

YoY Performance

Net interest and similar income grew 20.5% YoY due to a 39.5% increase in interest and similar income, partially offset by growth of 86.8% in interest and similar expense.

The higher interest and similar income was due to increases of more than five-fold in interest on due from banks and inter-bank funds, 35.3% in interest on loans and 20.2% in interest on financial investments

Interest on due from banks and inter-bank funds grew S/ 67.4 million YoY, or more than five-fold, explained by growth of 270 basis points in the average yield, from 0.5% in 2Q22 to 3.2% in 2Q23, despite a 7.0% reduction in the average volume, mostly due to lower deposits at the Central Bank.

Interest on loans increased S/ 348.9 million YoY, or 35.3%, explained by growth of 240 basis points in the average yield and 6.9% in the average volume.

The increase in the average rate on loans, from 9.1% in 2Q22 to 11.5% in 2Q23, was mainly due to higher yields on commercial, consumer and mortgage loans to a lesser extent.

The higher average volume of loans was attributed to growth of 15.2% in retail loans, partially offset by a 5.4% reduction in commercial loans. In the retail portfolio, average volumes grew due to increases of 20.0% in consumer loans and 7.6% in mortgages. In the commercial portfolio, the lower average volume was mainly attributed to decreasing volumes in working capital loans, partially offset by higher leasing operations and trade finance loans.

Interest on financial investments increased S/ 20.8 million YoY, or 20.2%, due to growth of 60 basis points in the average yield and 5.0% in the average volume. The increase in the nominal average rate, from 3.9% in 2Q22 to 4.5% in 2Q23, was the result of higher returns on CDBCR and corporate bonds. Growth in the average volume was the result of higher balances of CDBCR, partially compensated by lower average volumes of corporate bonds.

The nominal average yield on interest-earning assets increased 230 basis points, from 6.8% in 2Q22 to 9.1% in 2Q23, in line with the higher returns on all components of interest-earning assets.

The higher interest and similar expense was due to increases of more than two-fold in interest on deposits and obligations, and in interest on due to banks and correspondents, while interest on bonds, notes and other obligations decreased 31.3%.

Interest on deposits and obligations increased S/ 228.7 million YoY, or more than two-fold, explained by a 190 basis point growth in the average cost, from 1.7% in 2Q22 to 3.6% in 2Q23, in addition to a 6.3% increase in the average volume. By currency, average balances of soles-denominated deposits increased 8.3% while average dollar-denominated deposits increased 2.7%.

Interest on due to banks and correspondents grew S/ 74.8 million YoY, or more than two-fold, as the result of a 320 basis point increase in the average cost, from 2.3% in 2Q22 to 5.5% in 2Q23, in addition to 14.7% growth in the average volume. The increase in the average cost was due to higher rates paid to funds from correspondent banks abroad, as well as inter-bank funds and the Central Bank, while the higher average volume was explained by increased funding from correspondent banks abroad and COFIDE.

The lower interest on bonds, notes and other obligations was mainly explained by a 32.3% decrease in the average volume, attributable to the maturity of S/ 137.9 million subordinated bonds in the local market in mid-2022, as well as US\$ 485.0 million senior bonds in the international market and S/ 150.0 million subordinated bonds in the local market, both in early 2023.

The average cost of funding increased 180 basis points, from 2.2% in 2Q22 to 4.0% in 2Q23, as a consequence of the higher implicit cost of due to banks and correspondents, and deposits.

As a result of the above, net interest margin was 5.6% in 2Q23, 70 basis points higher than the 4.9% reported in 2Q22.

IMPAIRMENT LOSS ON LOANS, NET OF RECOVERIES

Impairment loss on loans, net of recoveries increased 13.4% QoQ and more than two-fold YoY.

The quarterly increase was explained by higher provision requirements in the retail loan book, partially offset by lower requirements in the commercial loan book. In the retail portfolio, the increase in provisions was mainly driven by higher requirements in credit cards. In the commercial portfolio, the decrease was mainly due to lower provision requirements in the corporate segment.

The annual increase in provisions was explained by higher requirements in both retail and commercial loan portfolios. Higher requirements in the retail loan book were mostly related to credit cards. The increase in the commercial portfolio was mainly driven by higher provision requirements in the mid-sized segment.

As a result of the above, the annualized ratio of impairment loss on loans to average loans was 3.6% in 2Q23, higher than the 3.2% and 1.8% reported in 1Q23 and 2Q22, respectively.

Impairment loss on loans, net of recoveries

Impairment allowance for loans	2,044.1	2,098.6	2,173.6	3.6%	6.3%

The Stage 3 NPL ratio increased 10 basis points QoQ and 20 basis points YoY, to 2.7% in 2Q23. The quarterly increase was due to a slightly higher commercial NPL ratio and stable retail NPL ratio. The higher Stage 3 NPL ratio YoY was explained by a 30 basis point increase in commercial loans' NPL, partially compensated by a 10 basis point decrease in retail loans' NPL.

Furthermore, the S3 NPL coverage ratio was 173.0% as of June 30, 2023, lower than the 177.9% registered as of March 31, 2023 and the 185.9% reported as of June 30, 2022. Still, it represented healthy coverage levels of impairment allowance for loans.

FEE INCOME FROM FINANCIAL SERVICES, NET

Net fee income from financial services increased S/ 1.1 million QoQ, or 0.5%, mainly explained by higher commissions from banking services, and fees from maintenance and mailing of accounts, transfer fees and commissions on debit card services. These factors were partially offset by higher expenses related to insurance, as well as lower commissions from credit card services and fees from indirect loans.

Net fee income from financial services grew S/ 18.0 million YoY, or 9.5%, mainly due to higher fees from maintenance and mailing of accounts, transfer fees and commissions on debit card services, commissions from credit card services, commissions from banking services, and lower expenses related to insurance. These effects were partially compensated by lower fees from indirect loans.

OTHER INCOME

Other income decreased S/ 1.3 million QoQ, mainly explained by the base effect of an extraordinary income registered in 1Q23 related to a sale of property, which more than offset a higher net gain on foreign exchange transactions and on financial assets at fair value through profit or loss.

Other income increased S/ 12.0 million YoY, mostly due to a higher net gain on foreign exchange transactions and on financial assets at fair value through profit or loss.

OTHER EXPENSES

Other expenses increased S/ 10.9 million QoQ, or 2.2%, and S/ 16.6 million YoY, or 3.4%.

The quarterly growth in other expenses was explained by higher administrative expenses, depreciation and amortization, partially offset by lower salaries and employee benefits.

The annual increase was the result of higher administrative expenses, and depreciation and amortization charges, partially compensated by lower salaries and employee benefits.

The efficiency ratio was 37.3% in 2Q23, an improvement compared to the 39.1% reported in 1Q23 and the 42.3% registered in 2Q22. It is important to mention that, excluding the impairment on interest on loans of S/ 70.0 million, the efficiency ratio would have been 36.9% in 1Q23.

REGULATORY CAPITAL

The ratio of regulatory capital to risk-weighted assets (RWA) was 15.2% as of June 30, 2023, stable compared to the ratio reported as of March 31, 2023 and as of June 30, 2022.

In 2Q23, risk-weighted assets (APR) increased 2.4% QoQ due to higher capital requirements for credit risk, operational risk and market risk. The higher RWA for credit risk were attributed to higher RWA for loans, due to an increase in these, partially offset by lower RWA for other assets and financial investments.

Total regulatory capital increased 2.8% QoQ, mainly attributed to the increase in profits for the year and to a lower unrealized loss (UL) of available for sale investments, when compared with 1Q23.

The annual performance in the total capital ratio was due to a 3.5% increase in RWA, partially offset by 3.2% growth in regulatory capital. The increase in RWA was due to higher capital requirements for credit risk, operational risk and market risk in a lesser extent. The additional capital requirements for credit risk was due to higher RWA for loans, due to an increase in these, partially offset by lower RWA for other assets and financial investments.

The YoY performance in regulatory capital was mainly a result of the additional capitalization of 2022 results, profits for the period and the lower UL when compared to 2Q22. The effects were partially compensated by a lower capital treatment of local subordinated debt, as well as the deduction of intangible assets, due to the implementation of the new SBS regulation on solvency.

Also, it is worth mentioning that, in December 2022, the SBS issued the Official Document No. 03952-2022, by which it established that, from March 1, 2023, the minimum regulatory capital ratio requirement would remain at 8.5% and would follow an adequation schedule until March 2024, date in which the minimum regulatory capital ratio requirement will reach 10.0%. However, in June 2023, the SBS issued a modification of the resolution published in December 2022, by which it modifies the adequation schedule until September 2024, new date in which the minimum regulatory capital ratio requirement will reach 10.0%.

As of June 30, 2023, Interbank's total capital ratio of 15.2% was significantly higher than the global requirement plus buffers and capital assigned to cover additional risks, by disposition of the SBS. The minimum regulatory requirement was 9.0% as of June 30, 2023. Additionally, Core Equity Tier 1 (CET1) was 11.4% under the new methodology required by the SBS, compared to the 11.1% registered as of March 31, 2023 and the 11.1% reported as of June 30, 2022, the latter being calculated under the previous methodology. It is important to mention that, under the new SBS regulation, CET1 is the main component of the Tier I capital ratio.

SUMMARY

Interseguro adopted IFRS17 requirements starting January 1st, 2023. As permitted by this regulation, for periods prior to 2023, we hereby present a reconstruction of results appropriate to the first adoption of IFRS17 for comparative purposes.

Interseguro's profits reached S/ 87.9 million in 2Q23, which represented an increase of S/ 56.6 million QoQ and S/ 36.9 million YoY.

The quarterly growth was mainly due to a S/ 57.1 million improvement in insurance results, a positive performance in results due to impairment of financial investments of S/ 14.1 million and an increase in translation result of S/ 9.3 million, partially offset by a S/ 23.3 million decrease in other income.

The annual performance in net profit was mainly explained by increases of S/ 55.7 million in translation result and S/ 28.4 million in insurance results. However, these factors were partially offset by reductions of S/ 22.3 million in net interest and similar income and S/ 13.9 million in other income, as well as S/ 11.3 million higher other expenses.

As a result, Interseguro's ROE was 143.2% in 2Q23, higher than the 40.5% reported in 1Q23 and the 60.4% registered 2Q22.

NET INTEREST AND SIMILAR INCOME

Net interest and similar income related to investments was S/ 209.6 million in 2Q23, a decrease of S/ 2.6 million QoQ, or 1.2%, and S/ 21.1 million YoY, or 9.2%.

The quarterly performance was mainly explained by a reduction of S/ 14.5 million in interest and similar income, attributed to a lower inflation rate registered in the last quarter, yet partially offset by a S/ 11.8 million decrease in interest and similar expenses.

The yearly performance was mostly due to lower interest and similar income, attributed to a downward trend in inflation rates.

RECOVERY (LOSS) DUE TO IMPAIRMENT OF FINANCIAL INVESTMENTS

Recovery due to impairment of financial investments was S/ 1.0 million in 2Q23, compared to losses of S/ -13.1 million in 1Q23 and S/ -0.2 million in 2Q22.

Loss due to impairment of financial investments was relevant in 1Q23 due to an additional provision for impairment on fixed income investments that were downgraded amid the political uncertainty around Peru's new administration in such quarter.

OTHER INCOME

Other income related to investments was S/ 0.1 million in 2Q23, a decrease of S/ 11.6 million QoQ and S/ 9.3 million YoY.

The quarterly decrease was explained by a S/ 19.1 million deterioration in valuation loss from investment property, along with a reduction of S/ 1.7 million in net gain on sale of financial investments. These effects were partially compensated by growth of S/ 6.9 million in net gain on financial assets at fair value, and S/ 1.9 million in rental income.

The annual performance in other income was mainly due to reductions of S/ 90.2 million in valuation results from investment property, and S/ 19.5 million in rental income. These factors were partially offset by increases of S/ 92.2 million in net gain on financial assets at fair value, and S/ 7.3 million in net gain on sale of financial investments.

Other expenses increased S/ 1.7 million QoQ, or 1.8%, and S/ 11.3 million YoY, or 13.5%.

The quarterly growth was mainly due to increases of S/ 0.6 million in depreciation and amortization charges, S/ 0.4 million in expenses related to rental income and S/ 0.2 million in salaries and employee benefits. These effects were partially compensated by a decrease of S/ 0.7 million in administrative expenses.

The annual performance in other expenses was mainly due to increases of S/ 7.4 million in salaries and employee benefits and S/ 0.2 million in administrative expenses. These factors were partially offset by decreases of S/ 2.0 million in expenses related to rental income and S/ 1.1 million in depreciation and amortization charges.

SUMMARY

Inteligo's net profit was S/ 21.5 million in 2Q23, an increase of S/ 13.7 million QoQ, and a positive recovery against the loss reported in 2Q22.

The quarterly performance was mainly attributable to lower losses on proprietary portfolio investments due to a recovery in the financial markets and the valuation of assets. Other effects that explained the quarterly performance were an increase of 20.6% in net interest and similar income and a decrease of 9.1% in other expenses, partially compensated by a decrease of 12.5% in net fee income from financial services.

On an annual comparison, mark-to-market losses on proprietary portfolio investments decreased considerably in 2Q23 compared to 2Q22. Other effects that contributed with the YoY performance were an increase of 6.6% in net interest and similar income and a decrease of 5.5% in other expenses, yet offset by a decrease of 22.8% in net fee income.

From a business development perspective, Inteligo's prospection process continued to show positive results in terms of new account openings and assets under management growth in Private Wealth Management. However, these results were partially offset by a sequentially lower exchange rate. Consequently, Inteligo's AUM decreased 1.3% QoQ, but grew 0.9% YoY as of June 30, 2023.

Inteligo's ROE was 9.7% in 2Q23, higher than the 3.5% reported in the previous quarter.

Inteligo's net interest and similar income was S/ 25.6 million in 2Q23, a S/ 4.4 million, or 20.6% increase when compared with 1Q23, mainly explained by higher dividends received from the proprietary portfolio investments.

Net interest and similar income increased S/ 1.6 million YoY, or 6.6%, as a result of higher interest income on both loans and due from banks. The YoY performance was also impacted by a higher interest expense on deposits, which was attributed to the increases in the reference interest rate of the FED.

Net fee income from financial services was S/ 34.6 million in 2Q23, a decrease of S/ 5.0 million, or 12.5% when compared to the previous quarter, mainly explained by lower fees from the wealth management segment.

On a YoY basis, net fee income from financial services decreased S/ 10.2 million, or 22.8%, mainly due to lower fees from funds management at the wealth management segment. This was explained by a lower frequency of client transactions, in turn driven by the persistent volatility and uncertainty in the financial markets.

SUMMARY

Izipay's profits were S/ 9.4 million in 2Q23, which represented a decrease of 21.8% QoQ and 24.8% YoY.

In 2Q23, despite growth in net interest and similar income and in net fee income from financial services, the quarterly performance was affected by higher administrative expenses related to further customer acquisition.

The annual performance in net profit was mainly explained by a 12.1% increase in other expenses, mainly associated with higher customer acquisition and depreciation given the sharp rise in business activity. This was partially offset by 8.2% growth in net fee income from financial services, in turn related to higher income from payments acquirer where the number of merchants and monetary transactions grew 53% and 16%, respectively.

Izipay's ROE was 16.2% in 2Q23, lower than the 21.7% and 26.9% reported in 1Q23 and 2Q22, respectively.

FEE INCOME FROM FINANCIAL SERVICES, NET

Net fee income from financial services was S/ 87.7 million in 2Q23, an increase of S/ 1.3 million or 1.5% QoQ, mainly driven by higher income from payments acquirer, partially offset by lower correspondent banking fees and higher acquirer license fees within the service cost, as a result of higher transactional volumes.

On a YoY basis, net fee income from financial services grew S/ 6.7 million, or 8.2%, mainly explained by higher transactional volumes in the acquirer business, partially compensated by an increase in service cost, associated with a higher level of business activity.

1. Business activity, current context and acquisition of Subsidiaries

(a) Business activity -

Intercorp Financial Services Inc. and Subsidiaries (henceforth "IFS", "the Company" or "the Group"), is a limited liability holding company incorporated in the Republic of Panama on September 19, 2006, and is a Subsidiary of Intercorp Peru Ltd. (henceforth "Intercorp Peru"), a holding Company incorporated in 1997 in the Commonwealth of the Bahamas. As of June 30, 2023, Intercorp Peru holds directly and indirectly 70.91 percent of the issued capital stock of IFS, equivalent to 70.82 percent of the outstanding capital stock of IFS (70.65 percent of the issued capital stock, equivalent to 70.64 percent of the outstanding capital stock as of December 31, 2022).

IFS's legal domicile is located at Av. Carlos Villarán 140 Urb. Santa Catalina, La Victoria, Lima, Peru.

As of June 30, 2023 and December 31, 2022, IFS holds 99.30 percent of the capital stock of Banco Internacional del Peru S.A.A. – Interbank (henceforth "Interbank"), 99.84 percent of the capital stock of Interseguro Compañía de Seguros S.A. (henceforth "Interseguro"), 100 percent of the capital stock of Inteligo Group Corp. (henceforth "Inteligo") and 100 percent of Procesos de Medios de Pago and its subsidiary Izipay S.A.C (henceforth "Izipay"), acquired in April 2022, see (d).

The operations of Interbank, Interseguro and Izipay are concentrated in Peru, while the operations of Inteligo and its Subsidiaries (Interfondos S.A. Sociedad Administradora de Fondos, Inteligo Sociedad Agente de Bolsa S.A. and Inteligo Bank Ltd.) are mainly concentrated in Peru and Panama.

The main activities of IFS's Subsidiaries and their assets, liabilities, equity, operating income, net income, balances and other relevant information are presented in Note 2.

As explained in Note 3.3.3, the consolidated financial statements as of December 31, 2022, January 1, 2022 and for the six-month periods ended June 30, 2022 have been restated as a result of IFRS 17 "Insurance Contract" first adoption and are part of the accompanying interim consolidated financial statements, which have been approved by the Audit Committee and Board Meeting in sessions held on August 07 and 09, 2023, respectively. On the other hand, the audited consolidated financial statements as of December 31, 2022 (henceforth, Annual Consolidated Financial Statements) were approved by the General Shareholders' Meeting held on March 31, 2023.

(b) Political context in Peru –

On December 7, 2022, Pedro Castillo, President of Peru, announced the dissolution of Peruvian Congress and the establishment of an emergency government which, as he assured, would rule through decree until a new Parliament with constitutive powers would write a new Constitution. Due to this announcement, the Congress debated and voted in favor of a presidential vacancy motion that ended up in his destitution. He was immediately succeeded by the vice-president, Dina Boluarte, who was designated President of the Republic of Peru.

(c) Pandemic Covid-19 -

(c.1) State of National and Sanitary Emergency

In March 2020, the World Health Organization declared "Covid-19" as a global pandemic, with a significant impact on the world economy. In Peru, the Government declared a State of National and Sanitary Emergency with a series of measures that affected both businesses and the population at large. The reopening of economic activities began since mid-2020, through the establishment of targeted measures by region and new rules of social coexistence.

During 2022, the Peruvian government derogated the National State of Emergency, while the National State of Health Emergency was derogated at the end of May 2023. It is worth mentioning that, since the first quarter of 2022, economic activities in the country are being carried out with normality and at levels before the pandemic.

(c.2) Economic measures adopted by the Peruvian Government

During 2021, the Peruvian government implemented extraordinary measures to secure the continuity of the economy's payment chain. The main measures implemented in the financial system were related to facilities for loans rescheduling (payment deferrals), suspension of counting of past due days, partial or total withdrawal of deposits for severance indemnity ("CTS" by its Spanish acronym), Repo operations with the Banco Central de Reserva del Peru ("BCRP" by its Spanish acronym) and the launching of credit programs guaranteed by the Peruvian Government, such as "Reactiva Peru".

Given the nature of the adopted measures, they had effects mainly of the Subsidiary Interbank. During 2020, and in response to the Covid-19 crisis, Interbank offered its clients several payment rescheduling options. As of June 30, 2023 and December 31, 2022, the balance of rescheduled loans amounted to S/4,489,881,000 and S/5,048,978,000, respectively.

On the other hand, under the program "Reactiva Peru", Interbank granted loans for S/6,617,142,000. As of June 30, 2023, the balance of loans granted under this program amounts to S/1,301,792,000, including accrued interest for S/48,000,000. As of this date, the amount covered by the guarantee of the Peruvian Government was S/1,092,895,000 (as of December 31, 2022, the balance was S/2,357,201,000, including accrued interest for S/57,254,000; while the amount covered by the guarantee of the Peruvian Government was S/2,040,379,000). It should be noted that during 2023 and 2022, Interbank made rescheduling for the "Reactiva Peru" program for an amount of approximately S/22,065,000 and S/133,046,000, respectively. As of June 30, 2023 and December 31, 2022, the balance of rescheduled loans under the "Reactiva Peru" program amounts to approximately S/1,075,048,000 and S/1,473,770,000, respectively.

Additionally, during 2022, the government authorized the one-off withdrawal of the entirety of the CTS, with the purpose of covering the workers' economic needs caused by the Covid-19 pandemic. As part of this benefit, approximately 229,000 clients withdrew the approximate sum of S/482,722,000 during the year 2023 (261,000 clients withdrew the approximate sum of S/767,470,000 during the year 2022).

(d) Acquisition of Procesos de Medios de Pago S.A. and Subsidiary Izipay S.A.C. ("Izipay")

Until March 2022, the Group (through its subsidiary Interbank) held 50 percent of Izipay. In April 2022, IFS acquired the remaining 50 percent of Izipay's capital stock, thus completing the 100 percent of its capital stock. The amount paid by IFS amounted to US\$83,775,000 (equivalent to approximately S/312,647,000). The economic activity of the acquired companies is explained in greater detail in Note 2(g).

The acquisition made by IFS was recorded using the "Step acquisition" accounting method, pursuant to IFRS 3 "Business Combinations". According to this method, the acquirer company must readjust to fair value the previously held equity interest in the acquiree entities. Additionally, assets and liabilities must be recorded at their fair values estimated at the acquisition date, including the identified intangible assets and the resulting goodwill that were not recorded in the statements of financial position of each acquired entity.

As a result of the acquisition and pursuant to the accounting regulation in force, the previous participation was adjusted to its fair value with an effect of S/222,513,000 and recorded in the Company results in September 2022.

2. Subsidiaries

IFS's Subsidiaries are the following:

(a) Banco Internacional del Peru S.A.A. - Interbank and Subsidiaries -

Interbank is incorporated in Peru and is authorized by the Superintendence of Banking, Insurance and Private Pension Funds (henceforth "SBS", by its Spanish acronym) to operate as a universal bank in accordance with Peruvian legislation. The Bank's operations are governed by the General Act of the Banking and Insurance System and Organic Act of the SBS – Act No. 26702 (henceforth "the Banking and Insurance Act"), that establishes the requirements, rights, obligations, restrictions and other operating conditions that financial and insurance entities must comply with in Peru.

As of June 30, 2023, Interbank had 158 offices (164 offices as of December 31, 2022). Additionally, it holds approximately 100 percent of the shares of the following Subsidiaries:

Entity	Activity
Internacional de Títulos Sociedad Titulizadora S.A. - Intertítulos S.T.	Manages securitization funds.
Compañía de Servicios Conexos Expressnet S.A.C.	Services related to credit card transactions or products related to the brand "American Express".

(b) Interseguro Compañía de Seguros S.A. and Subsidiary -

Interseguro is incorporated in Peru and its operations are governed by the Banking and Insurance Act. It is authorized by the SBS to issue life and general risk insurance contracts.

Interseguro holds participations in Patrimonio Fideicometido D.S.093-2002-EF, Interproperties Peru (henceforth "Patrimonio Fideicometido – Interproperties Peru"), that is a structured entity, incorporated in April 2008, and in which several investors (related parties to the Group) contributed investment properties. Each investor or investors have ownership of and specific control over the contributed investment property. The fair values of the properties contributed by Interseguro that were included in this structured entity as of June 30, 2023 and December 31, 2022, amounted to S/83,465,000 and S/93,994,000, respectively; see Note 7. For accounting purposes and under IFRS 10 "Consolidated Financial Statements" the assets included in said structure are considered "silos", because they are ring-fenced parts of the wider structured entity (the Patrimonio Fideicometido - Interproperties Peru). IFS has ownership and decision-making power over these properties and the Group has the exposure or rights to their returns; therefore, IFS consolidates the silos containing the investment properties that it controls.

(c) Inteligo Group Corp. and Subsidiaries -

Inteligo is an entity incorporated in the Republic of Panama. As of June 30, 2023 and December 31, 2022, it holds 100 percent of the shares of the following Subsidiaries:

Entity	Activity
Inteligo Bank Ltd.	It is incorporated in The Commonwealth of the Bahamas and has a branch established in the Republic of Panama that operates under an international license issued by the Superintendence of Banks of the Republic of Panama. Its main activity is to provide private and institutional banking services, mainly to Peruvian citizens.
Inteligo Sociedad Agente de Bolsa S.A.	Brokerage firm incorporated in Peru.

Inteligo USA, Inc.	Incorporated in the United States of America in January 2019, provides investment consultancy and related services.

(d) Negocios e Inmuebles S.A. and Holding Retail Peru S.A. -

These entities were acquired by IFS as part of the purchase of Seguros Sura and Hipotecaria Sura in year 2017. In April 2021, Negocios e Inmuebles S.A. (absorbing company) merged with Holding Retail Peru S.A. (absorbed company), the latter being extinguished without liquidation. As of June 30, 2023 and December 31, 2022, Negocios e Inmuebles S.A., holds 8.50 percent of Interseguro's capital stock.

(e) San Borja Global Opportunities S.A.C. -

Its corporate purpose is the marketing of products and services through Internet, telephony or related and it operates under the name of Shopstar (online marketplace) dedicated to the sale of products from different stores locally.

(f) IFS Digital S.A.C. -

Entity incorporated in August 2020, which its corporate purpose is to perform any type of investments and related services.

(g) Procesos de Medios de Pago and Izipay (Izipay) –

As indicated in Note 1(d), both companies were acquired in April 2022. Procesos de Medios de Pago is dedicated to the development, management and operation of the shared service of transaction processing of credit and debit cards, through the acquirer role for the brands MasterCard, Visa and other private brands; also, it renders the processing service, through the issuer role, to entities of the financial system. Izipay is dedicated to the facilitation of payments and services, offering its services of technological, operating and safety infrastructure through the affiliation of commercial stores, as well as installation and maintenance of infrastructure for transactions through the electronic commerce modality, interconnected with the networks of payment methods processors.

As explained in Note 1(d), in April 2022, IFS acquired control of Izipay, becoming it its Subsidiary. Since then Izipay consolidates its financial information together with IFS. The investment that Interbank held in Izipay until March 31, 2022, is presented as investments in associates in the accompanying interim consolidated financial statements.

3. Significant accounting policies and first adoption of International Financial Reporting Standard No. 17 "Insurance Contracts"

3.1 Basis of presentation and use of estimates –

The interim consolidated financial statements as of June 30, 2023 and December 31, 2022, have been prepared in accordance with IAS 34 "Interim Financial Reporting".

The interim consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the IFS's Audited Consolidated Financial Statements as of December 31, 2022 and 2021 (henceforth "Annual Consolidated Financial Statements"), given into account Note 3.3.3 below.

The accompanying interim consolidated financial statements have been prepared on the historical cost basis, except for investment property, derivative financial instruments, financial investments at fair value through profit or loss and through other comprehensive income, which have been measured at fair value. The interim consolidated financial statements are presented in Soles, which is the functional currency of the Group, and all values are rounded to the nearest thousand (S/(000)), except when otherwise indicated.

The preparation of the interim consolidated financial statements, in accordance with the International Financial Reporting Standards (henceforth "IFRS") as issued by the International Accounting Standards Board (IASB), requires Management to make estimations and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of significant events in the notes to the interim consolidated financial statements.

In that sense, the estimates and criteria are continually assessed and are based on historical experience, as well as other factors, including expectations of future events that are believed to be reasonable under the current circumstances. Existing circumstances and assumptions about future developments, however, may change due to markets' behavior or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur. Actual results could differ from those estimates. The most significant estimates comprised in the accompanying interim consolidated financial statements are related to the calculation of the impairment of the portfolio of loan and financial investments, the measurement of the fair value of the financial investments and investment property, the assessment of the impairment of goodwill, the liabilities for insurance contracts and measurement of the fair value of derivative financial instruments; also, there are other estimates such as provisions for litigation, the estimated useful life of intangible assets and property, furniture and equipment, the estimation of deferred Income Tax and the determination of the terms and estimation of the interest rate of the lease contracts.

3.2 Basis of consolidation –

The interim consolidated financial statements of IFS comprise the financial statements of Intercorp Financial Services Inc. and Subsidiaries. The method adopted by IFS to consolidate financial information with its Subsidiaries is described in Note 3.3 to the Annual Consolidated Financial Statements and has not changed since then.

Some amounts of the interim consolidated statement of income as of June 30, 2022, have been reclassified in order to make them comparable with the presentation as of June 30, 2023. In Management's opinion, the reclassifications made in the consolidated financial statements as of June 30, 2022, are not significant considering the interim consolidated financial statements as a whole.

3.3 First adoption of the International Financial Reporting Standard No. 17 "Insurance Contracts" (henceforth IFRS 17) – Since January 1, 2023, Interseguro adopted IFRS 17, which replaces IFRS 4 "Insurance Contracts".

Following is the description of the main impacts from the adoption of IFRS 17:

a) Classification and measurement –

The adoption of IFRS 17 has not changed the classification of the Group's insurance contracts. However, it establishes specific principles for the recognition and measurement of insurance contracts held by the Group.

The key principles of IFRS 17 consider that the Group:

- Identifies insurance contracts as those under which the entity accepts significant insurance risk from another party (the policyholder) by agreeing to compensate the policyholder if a specified uncertain future event (the insured event) adversely affects the policyholder.
- Recognizes and separates in insurance contracts investment components and goods or services components from insurance services and records them according to other standards.
- Divides insurance contracts into groups that it recognizes and measures:

- A risk-adjusted present value of the future cash flows (fulfillment cash flow, or "FCF") that incorporates all available information about the fulfilment cash flows in a way that is consistent with observable market information.

Plus:

- An amount representing the unearned profit in the group of contracts (the contractual service margin, or "CSM").
- Recognizes profit from a group of insurance contracts over each period the Group provides insurance contract services, as the Group is released from risk. If a group of contracts is expected to be onerous (i.e., loss-making) over the remaining coverage period, the Group recognizes the loss immediately.

b) Transition –

b.1) Transition methodology –

The Group decided to apply the transition methodology under Fair Value, which consists of obtaining the amount under which a liability portfolio could be transferred to a third party. This amount was compared with the balance of the estimate of technical provisions (Best Estimate Liability – "BEL") and Risk Adjustment existing at the transition date, and the result was the CSM as of said date. Also, it was determined the future benefit provided by the insurance contracts (Contractual Service Margin – CSM), and will be decommitted to the statement of income to the extent that the Group renders its services to the insured. The CSM balance at the date of transition into IFRS 17 was applied retrospectively for the policies in force at said date.

(b.1.1) Calculation methodology

The calculation methodology that the Group has applied to determine the Fair Value amount of its portfolios in force as of the date of transition into IFRS 17 is the valuation technique of present value. In this sense, the following calculation components are taken into account:

- Estimation of the future cash flows for the asset or liability subject to valuation
- Expectations of possible variations in the amount and the cash flows calendar that represent the uncertainty inherent to cash flows.

- Time value of money, represented by the interest rate on risk-free monetary assets that present maturity dates or lives that coincide with the periods covered by the cash flows and do not involve neither uncertainty regarding the calendar nor risk of default for the holder (i.e., risk-free interest rate).
- Price to bear the uncertainty inherent to cash flows (i.e., a risk premium).
- Other factors that market participants may take into account considering the circumstances.
- For a liability, the risk of default related to said liability, including the credit risk of the entity (i.e., the debtor).

Total	<u><u>8,843,551</u></u>	<u><u>9,783,777</u></u>

(*) The legal reserve funds maintained in the BCRP are non-interest bearing, except for the part that exceeds the minimum reserve required that accrued interest at a nominal annual rate. According to the information note “Interest rate of the reserve funds in the Central Reserve Bank of Peru”, starting in February 2022, the rate used for the calculation of interest was the Secured Overnight Financing Rate (“SOFR”). As of June 30, 2023 and December 31, 2022, the excess in foreign currency accrued interest at an annual average rate of 4.61 and 3.79 percent, respectively. During 2023 and 2022, Interbank did not maintain excess reserves in national currency.

In Group Management’s opinion, Interbank has complied with the requirements established by the rules in force related to the computation of the legal reserve.

(**) As of June 30, 2023, corresponds to six term deposits in local currency held by Interbank maintained in the BCRP, matured in July 2023, and accrued interest at an annual interest rate of 7.72 percent (one term deposit in local currency that Interbank maintained in the BCRP, matured in January 2023, and accrued interest at an annual interest rate of 7.50 percent, as of December 31, 2022).

(***) As of June 30, 2023, corresponds to an overnight deposit in foreign currency for US\$50,000,000 (approximately equivalent to S/181,400,000) in the BCRP, with maturity in the first days of July 2023 and accrued interest at an annual interest rate of 5.13 percent (one overnight deposit in foreign currency for US\$200,000,000, approximately equivalent to S/762,800,000, in the BCRP, with maturity in the first days of January 2023 and accrued interest at an annual interest rate of 4.39 percent, as of December 31, 2022).

- (c) Deposits in domestic banks and abroad are mainly in Soles and US Dollars, they are freely available and accrue interest at market rates.
- (d) The Group maintains restricted funds related to:

(*) Funds held at BCRP to guarantee transfers made through the Electronic Clearing House ("CCE", by its Spanish acronym).

- (e) Inter-bank funds -

These are loans made between financial institutions with maturity, in general, minor than 30 days and do not have specific guarantees. As of June 30, 2023, Inter-bank funds liabilities accrue interest at an annual rate of 7.80 percent in local (annual rate of 7.50 percent in local currency for Inter-bank funds assets and liabilities, as of December 31, 2022).

13. Equity

- (a) Capital stock and distribution of dividends -
IFS's shares are listed on the Lima Stock Exchange and, since July 2019, they are listed also on the New York Stock Exchange. IFS's shares have no nominal value and their issuance value was US\$9.72 per share. As of June 30, 2023 and December 31, 2022, IFS's capital stock is represented by 115,447,705 subscribed and paid-in common shares.

The General Shareholders' Meeting of IFS held on March 31, 2023, agreed to distribute dividends charged to profits for the year 2022 for approximately US\$136,222,000 (equivalent to approximately S/511,788,000); equivalent to US\$1.18 per share, to be paid on May 8, 2023.

The General Shareholders' Meeting of IFS held on March 31, 2022, agreed to distribute dividends charged to profits for the year 2021 for approximately US\$202,025,000 (equivalent to approximately S/751,532,000); equivalent to US\$1.75 per share, which were paid on May 6, 2022.

- (b) Treasury stock and Share Repurchase Program -
As of December 31, 2022, the Company and Subsidiaries held 30,074 shares issued by IFS, with an acquisition cost equivalent to S/3,363,000.

On March 31, 2023, the shareholders of IFS approved the Share Repurchase Program for an amount of up to US\$100 million, which is expected to continue until the Board of Directors decides otherwise. Said program, may be carried out simultaneously in the two markets (Lima Stock Exchange and New York Stock Exchange - NYSE) in one or several dates, at market prices. Within this Program framework, Interbank has purchased 325,937 shares for an amount of approximately S/28,088,000.

- (c) Capital surplus -
Corresponds to the difference between the nominal value of the shares issued and their public offerings price, which were performed in 2007 and 2019. Capital surplus is presented net of the expenses incurred and related to the issuance of such shares.
- (d) Shareholders' equity for legal purposes (regulatory capital) -
IFS is not required to establish a regulatory capital for statutory purposes. As of June 30, 2023 and December 31, 2022, the regulatory capital required for Interbank, Interseguro and Inteligo Bank (a Subsidiary of Inteligo Group Corp.), is calculated based on the separate financial statement of each Subsidiary and prepared following the accounting principles and practices of their respective regulators (the SBS or the Central Bank of the Bahamas, in the case of Inteligo Bank).
- (e) Reserves -
The General Shareholders' Meeting of IFS held on March 31, 2022, agreed to constitute reserves for S/800,000,000 charged to retained earnings.

14. Tax situation

- (a) IFS and its Subsidiaries are incorporated and domiciled in the Republic of Panama and the Commonwealth of the Bahamas (see Note 2), and are not subject to any Income Tax, or any other taxes on capital gains, equity or property. The Subsidiaries incorporated and domiciled in Peru (see Note 2) are subject to the Peruvian Tax legislation; see paragraph (c).

Peruvian life insurance companies are exempt from Income Tax regarding the income derived from assets linked to technical reserves for pension insurance and annuities from the Private Pension Fund Administration System; as well as income generated through assets related to life insurance contracts with savings component.

In Peru, all income from Peruvian sources obtained from the direct or indirect sale of shares of stock capital representing participation of legal persons domiciled in the country are subject to income tax. For that purpose, an indirect sale shall be considered to have occurred when shares of stock or ownership interests of a legal entity are sold and this legal entity is not domiciled in the country and, in turn, is the holder — whether directly or through other legal entity or entities — of shares of stock or ownership interests of one or more legal entities domiciled in the country, provided that certain conditions established by law occur.

In this sense, the Act states that an assumption of indirect transfer of shares arises when in any of the 12 months prior to disposal, the market value of shares or participations of the legal person domiciled is equivalent to 50 percent or more of the market value of shares or participations of the legal person non-domiciled. Additionally, as a concurrent condition, it is established that in any period of 12 months shares or participations representing 10 percent or more of the capital of legal persons non-domiciled be disposal.

- (b) Legal entities or individuals not domiciled in Peru are subject to an additional tax (equivalent to 5 percent) on dividends received from entities domiciled in Peru. The corresponding tax is withheld by the entity that distributes the dividends. In this regard, since IFS controls the entities that distribute the dividends, it records the amount of the Income Tax on dividends as expense of the financial year of the dividends received. In this sense, as of June 30, 2023 and 2022, IFS has recorded an expense for S/23,497,000 and S/ 14,153 000, respectively, in the caption “Income Tax” of the interim consolidated statement of income.
- (c) IFS’s Subsidiaries incorporated in Peru are subject to the payment of Peruvian taxes; hence, they must calculate their tax expenses on the basis of their separate financial statements. The Income Tax rate as of June 30, 2023 and December 31, 2022, was 29.5 percent, over the taxable income.
- (d) The Tax Authority (henceforth “SUNAT”, by its Spanish acronym) is legally entitled to perform tax audit procedures for up to four years subsequent to the date at which the tax return regarding a taxable period must be filed.

Below are the taxable periods subject to inspection by the Tax Authority as of June 30, 2023:

- Interbank: Income Tax returns for the years 2019 to 2022, and Value-Added-Tax returns for the years 2018 to 2022.
- Interseguro: Income Tax returns for the years 2018, 2019, 2021 and 2022, and Value-Added-Tax returns for the years 2018 to 2022.
- Seguros Sura: Income Tax returns and Value-Added-Tax returns for the year 2018.
- Procesos de Medios de Pago: Income Tax returns and Value-Added-Tax returns for the years 2018 to 2022.
- Izipay: Income Tax returns and Value-Added-Tax returns for the years 2018 to 2022.

Given the possible interpretations that SUNAT may give to the legislation in effect, up to date it is not possible to determine whether or not any review to be conducted would result in liabilities for the Subsidiaries; any increased

tax or surcharge that could arise from possible tax audits would be applied to the results of the period in which such tax increase or surcharge may be determined.

Following is the description of the main ongoing tax procedures and processes for the main Subsidiaries:

Interbank:

Tax periods from 2000 to 2006:

Between 2004 and 2010, Interbank received several Tax Determination and Tax Penalty notices corresponding mainly to the Income Tax determination for the fiscal years 2000 to 2006. As a result, claims and appeals were filed and subsequent contentious administrative proceedings were started.

Regarding the tax litigations followed by Interbank related to the annual Income Tax returns for the years 2000 to 2006, the most relevant matter subject to discrepancy with SUNAT corresponds to whether the “interest in suspense” are subject to Income Tax or not. In this sense, Interbank considers that the interest in suspense does not constitute accrued income, in accordance with the SBS’s regulations and International Financial Reporting Standards, which is also supported by a ruling by the Permanent Constitutional and Social Law Chamber of the Supreme Court issued in August 2009 and a pronouncement in June 2019.

In June and September 2022, the Permanent Constitutional and Social Law Chamber of the Supreme Court declared unfounded the cassation appeals by SUNAT and the Ministry of Economy and Finance, thus reaffirming the position of Interbank in the sense that interest in suspense does not constitute taxable income, both in the 2001 Income Tax and in the 2004 Income Tax.

As of June 30, 2023 the tax liability requested for this concept and other minor contingencies, amounts to approximately S/154,000,000 which includes the tax, fines and interest arrears, out of which S/90,000,000 corresponded to interest in suspense and S/64,000,000 corresponded to other minor repairs. As of December 31, 2022, the tax liability amounted to S/290,000,000 and includes taxes, fines and interest arrears.

In May 2020, Interbank was notified with the Resolution of Compliance related to the Income Tax and advance payments of the Income Tax for the year 2005 (linked to the interest in suspense). Through said notification, SUNAT increased the requested tax debt from S/1,000,000 to S/35,000,000 because as a result of the Resolution of Compliance, certain previously accepted deductions by SUNAT. In June 2020, Interbank filed an Appeal against the Resolution of Compliance, which is pending of pronouncement by the Tax Court.

In December 2022, the Tax Court notified of Resolution No. 09431-9-2022, through which it revoked interest in suspense, financial pro-rata, advance payments and fines. Interbank is awaiting the Resolution of Compliance.

In February 2021, Interbank was notified with the Resolution of Compliance related to the Income Tax and prepaid income tax of the year 2006 (related to litigations about interest in suspense). Through said notification, SUNAT rejected an excess payment of S/3,500,000 and determined a tax debt of S/23,000,000.

In December 2022, the Tax Court notified of Resolution No. 09451-1-2022, through which it revoked interest in suspense, advance payments coefficient and fines. Interbank is awaiting the Resolution of Compliance.

In January 2023, Interbank was notified with Resolution of Compliance No. 4070150000145, that rectified and resettled the debt contained in Resolutions of Determination No. 0120030012106 and No. 0120030012107 related to advance payments of the Income Tax for the period 2003, without any amount to pay.

In February 2023, Interbank was notified with the Tax Court Resolution No. 00227-2-2023, that declared null the Resolution of Intendence No. 0150150002380, dated May 15, 2020, in relation to the payments of the Income Tax for the period 2004 in the part referred to interest in suspense and related penalties.

In March 2023, Interbank was notified with Resolution of Compliance No. 4070150000186, that rectified the tax debt contained in the Resolution of Penalty No. 012-002-0011622, thus reducing said penalty from S/ 68,998,000 to

S/ 25,290,000. Likewise, Interbank filed the respective Appeal Recourse against Resolution of Compliance No. 4070150000186, described in the previous paragraph, which is pending resolution by the Tax Court.

Tax period 2010:

In 2017, SUNAT closed the audit procedure corresponding to the Income Tax for the year 2010. Interbank paid the debt under protest and filed a claim procedure. Currently, the procedure has been appealed and it is pending resolution by the Tax Administration.

Tax period 2012:

In July 2020, Interbank was notified of the Determination and Penalty Resolutions corresponding to the audit of the Income Tax for the fiscal year 2012. As of June 30, 2023 and December 31, 2022, the tax debt claimed by the Tax Authority amounted to S/14,400,000 and S/14,000,000, respectively. As of the date of this report, the process is on appeal, pending resolution.

Tax period 2013:

In 2019, Interbank was notified of the Determination and Penalty Resolutions corresponding to the audit of the Income Tax for the fiscal year 2013. The main concept observed corresponded to the deduction of loan write-offs without proof by the SBS.

During 2021, Interbank filed a claim against the Resolution of the Tax Court, this authority confirmed, revoked and ordered to resettle the aforementioned concepts. At the end of 2022, the Tax Court reconfirmed its ruling in the aforementioned Resolution.

In December 2022, the Tax Authority through Resolution of Coactive Collection No. 0110060065138, notified the payment of the third-category Income Tax debt corresponding to the period 2013, for approximately S/62,000,000, which was paid by Interbank; however, the process continues in the Judiciary.

Tax periods 2014 and 2015:

In September and December, 2019, SUNAT notified Interbank about the beginning of the definitive audit procedure on Income Tax corresponding to the year 2014 and 2015, respectively, which are in the appeal stage.

As of June 30, 2023 and December 31, 2022, the tax debt requested by the Tax Authority in relation to the Income Tax advance payments for the period 2015 and to the application of the additional Income Tax rate of 4.1 percent, amounted to S/14,200,000 and S/14,000,000, respectively.

Tax period 2017:

In December 2021, by letter No. 210011740110-01-SUNAT, SUNAT notified Interbank about the beginning of the definitive audit procedure on Income Tax corresponding to the year 2017. In October 2022, SUNAT notified of Resolutions of Determination No. 0120030127896 and No. 0120030127908, issued regarding the third-category Income Tax corresponding to the period 2017 and Income Tax advance payments from January to December 2017,

without additional amounts to pay related to the third-category Income Tax; however, in November 2022, Interbank filed an appeal recourse on other minor concepts, observed by the Tax Authority.

In June 2023, Interbank was notified with the Resolution No. 4070140000600 declaring the claim unfounded. Within the law term, Interbank will be presenting the respective appeal.

Tax period 2018:

In April 2019, SUNAT notified about the commencement of the definitive audit procedure on Income Tax withholdings of non-domiciled entities corresponding to the year 2018. To date, said audit is under process.

In the opinion of Interbank's Management and its legal advisors, any eventual additional tax settlement would not be significant for the financial statements as of June 30, 2023 and December 31, 2022.

Interseguro:

In December 2022, SUNAT notified Interseguro the beginning of the fiscalization procedure regarding the Income Tax corresponding to the year 2020. As of the date of this report, said inspection is in process.

In the opinion of Interseguro's Management and its legal advisers, any eventual additional tax would not be significant for the financial statements as of June 30, 2023 and December 31, 2022.

Izipay:

As of June 30, 2023 and December 31, 2022, Izipay maintains carryforward tax losses amounting to S/81,691,285 and S/82,931,174, respectively. In application of current tax regulations, Izipay opted for system "B" to offset its tax losses. Through this system, the tax loss may be offset against the net income obtained in the following years, up to 50 percent of said income until they are extinguished; therefore, they do not have an expiration date.

In the opinion of Izipay's Management and its legal advisers, any eventual additional tax would not be significant for the financial statements as of June 30, 2023 and December 31, 2022.

21. Business segments

The Chief Operating Decision Maker ("CODM") of IFS is the Chief Executive Officer ("CEO"). The Group presents four operating segments based on products and services, as follows:

Banking -

Mainly loans, credit facilities, deposits and current accounts.

Insurance -

It provides life annuity products with single-premium payment and conventional life insurance products, as well as other retail insurance products.

Wealth management -

It provides brokerage and investment management services. Inteligo serves mainly Peruvian citizens.

Payments -

It provides mainly administration services, operation and processing of credit and debit cards. Given into account that Izipay became a subsidiary of IFS since April 2022, the results shown for this segment are considered thereafter.

The operating segments monitor the operating results of their business units separately for the purpose of making decisions on the distribution of resources and performance assessment. Segment performance is evaluated based on operating profit or loss and it is measured consistently with operating profit or loss in the consolidated financial statements.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

The following table presents the Group's financial information by business segments for the six-month periods ended June 30, 2023 and 2022:

23. Financial risk management

It comprises the management of the main risks, that due to the nature of their operations, IFS and its Subsidiaries are exposed to; and correspond to: credit risk, market risk, liquidity risk, insurance risk and real estate risk.

To manage the risks detailed above, every Subsidiary of the Group has a specialized structure and organization in their management, measurement systems, as well as mitigation and coverage processes, according to specific regulatory needs and requirements for the development of its business. The Group and its Subsidiaries, mainly Interbank, Interseguro, Inteligo Bank and Izipay, operate independently but in coordination with the general provisions issued by the Board of Directors and Management of IFS. The Board of Directors and Management of IFS are ultimately responsible for identifying and controlling risks. The Company has an Audit Committee comprised of three independent directors, pursuant to Rule 10A-3 of the Securities Exchange Act of the United States; and one of them is a financial expert according to the regulations of the New York Stock Exchange. The Audit Committee is appointed by the Board of Directors and its main purpose is to monitor and supervise the preparation processes of financial and accounting information, as well as the audits over the financial statements of IFS and its Subsidiaries. Also, the Company has an Internal Audit Division which is responsible for monitoring the key processes and controls to ensure an adequate low risk control according to the standards defined in the Sarbanes Oxley Act.

A full description of the Group's financial risk management is presented in Note 30 "Financial risk management" of the audited Annual Consolidated Financial Statements; following is presented the financial information related to credit risk management for the loan portfolio, offsetting of financial assets and liabilities, and foreign exchange risk.

(a) Credit risk management for loans -

Interbank's loan portfolio is segmented into homogeneous groups that shared similar credit risk characteristics. These groups are: (i) Retail Banking (credit card, mortgage, payroll loan, consumer loan and vehicular loan), (ii) Small Business Banking (segments S1, S2 and S3), and (iii) Commercial Banking (corporate, institutional, companies and real estate). In addition, at Inteligo Bank, the internal model developed (scorecard) assigns 5 levels of credit risk classified as follows: low risk, medium low risk, medium risk, medium high risk, and high risk. These categories are described in Note 30.1(d) of the audited Annual Consolidated Financial Statements.

Additionally, as consequence of the Covid-19 pandemic, the behavior and performance of the expected credit losses of the retail and commercial clients has been affected, thus requiring a greater monitoring of results, which has also implied

to perform certain subsequent adjustments to the expected loss model to be able to capture the effects of the current situation, which has generated a high level of uncertainty in the estimation of the loans expected loss.

In compliance with the policy of monitoring the Group's credit risk, during 2022 Interbank performed the recalibration process of its risk parameters for the calculation of the expected credit losses.

The Group structures the levels of credit risk it undertakes by placing limits on the amount of risk accepted in relation to one borrower or groups of borrowers, geographical and industry segments. Said risks are monitored on a revolving basis and subject to continuous review.

(b) Offsetting of financial assets and liabilities -

The information contained in the tables below includes financial assets and liabilities that:

- Are offset in the statement of financial position of the Group; or
- Are subject to an enforceable master netting arrangement or similar agreement that covers similar financial instruments, regardless of whether they are offset in the consolidated statement of financial position or not.

Similar arrangements of the Group include derivatives clearing agreements. Financial instruments such as loans and deposits are not disclosed in the following tables since they are not offset in the consolidated statement of financial position.

The offsetting framework agreement issued by the International Swaps and Derivatives Association Inc. ("ISDA") and similar master netting arrangements do not meet the criteria for offsetting in the statement of financial position, because of such agreements were created in order for both parties to have an enforceable offsetting right in cases of default, insolvency or bankruptcy of the Group or the counterparties or following other predetermined events. In addition, the Group and its counterparties do not intend to settle such instruments on a net basis or to realize the assets and settle the liabilities simultaneously.

The Group receives and delivers guarantees in the form of cash with respect to transactions with derivatives; see Note 4.

- (c) Foreign exchange risk -

The Group is exposed to fluctuations in the exchange rates of the foreign currency prevailing in its financial position and cash flows. Management sets limits on the levels of exposure by currency and total daily and overnight positions, which are monitored daily. Most of the assets and liabilities in foreign currency are stated in US Dollars. Transactions in foreign currency are made at the exchange rates of free market.

As of June 30, 2023, the weighted average exchange rate of free market published by the SBS for transactions in US Dollars was S/3.624 per US\$1 bid and S/3.633 per US\$1 ask (S/3.808 and S/3.820 as of December 31, 2022, respectively). As of June 30, 2023, the exchange rate for the accounting of asset and liability accounts in foreign currency set by the SBS was S/3.628 per US\$1 (S/3.814 as of December 31, 2022).

(*) As of June 30, 2023 and December 31, 2022, correspond mainly to participations in mutual funds and investment funds.

Financial assets included in Level 1 are those measured on the basis of information that is available on the market, to the extent that their quoted prices reflect an active and liquid market and that are available in some centralized trading mechanism, trading agent, price supplier or regulatory entity.

Financial instruments included in Level 2 are valued based on the market prices of other instruments with similar characteristics or with financial valuation models based on information of variables observable in the market (interest rate curves, price vectors, etc.).

Financial assets included in Level 3 are valued by using assumptions and data that do not correspond to prices of operations traded on the market. The valuation requires Management to make certain assumptions about the model variables and data, including the forecast of cash flow, discount rate, credit risk and volatility.

During the year 2023 and 2022, there were no transfers of financial instruments to or from level 3 to level 1 or level 2.

The table below includes a reconciliation of fair value measurement of financial instruments classified by the Group within Level 3 of the valuation hierarchy:

The methodologies and assumptions used to determine fair values depend on the terms and risk characteristics of each financial instrument and they include the following:

- (i) Long-term fixed-rate and variable-rate loans are assessed by the Group based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the estimated losses of these loans. As of June 30, 2023 and December 31, 2022, the book value of loans, net of allowances, was not significantly different from the calculated fair values.
- (ii) Instruments whose fair value approximates their book value: For financial assets and financial liabilities that are liquid or have short-term maturity (less than 3 months) it is assumed that the carrying amounts approximate to their fair values. This assumption is also applied to demand deposits, savings accounts without a specific maturity and variable-rate financial instruments.
- (iii) Fixed-rate financial instruments: The fair value of fixed-rate financial assets and financial liabilities at amortized cost is determined by comparing market interest rates when they were first recognized with current market rates related to similar financial instruments for their remaining term to maturity. The fair value of fixed interest rate deposits is based on discounted cash flows using market interest rates for financial instruments with similar credit risk and maturity. For quoted debt issued, the fair value is determined based on quoted market prices. When quotations are not available, a discounted cash flow model is used based on the yield curve of the appropriate interest rate for the remaining term to maturity.

25. Fiduciary activities and management of funds

The Group provides custody, trustee, investment management and advisory services to third parties; therefore, the Group makes purchase and sale decisions in relation to a wide range of financial instruments. Assets that are held as trust are not included in the consolidated financial statements.

As of June 30, 2023 and December 31, 2022, the value of the managed off-balance sheet financial assets is as follows:

	30.06.2023	31.12.2022
	S/(000)	S/(000)
Investment funds	16,761,429	16,821,566
Mutual funds	4,753,491	4,495,832
